### Heartburn, Gas, Dyspepsia and Other Stomach Misery Vanishes.

The question as to how long you are going to continue a sufferer from indigestion, dyspepsia, out of order stomach is merely a matter of how soon you begin taking Diasepsin.

If your stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a reinforcement of digestive agents, such as are naturally at work in the stomach.

People with weak stomachs should take Diasepsin occasionally and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour risings, gas on the stomach of belching of undigested food, headache, dizziness or sick stomach and besides what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour-out of order stomach and dyspepsia are generally relieved five minutes after tak-

ing a little Diasepsin. Go to your druggist and get a 50 cent case of Pape's Diasepsin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know that there is not going to be any more bad nights and miserable days for you. They freshen you and make you feel that life's worth living.

## "Olympic Flour"

makes good pastry, too."

—Mother.

The plump, hard grains, selected from the entire North western wheat crop and thoroughly cleaned and scoured—just fill the bill for a perfect pastry flour—besides it is the flour for good bread and cakes and biscuits. Olympic Flour—always the same, always clean, pure, wholesome and nutritious—is an aid to rather than a test of a young housewife's ability. If your grocer can't supply you we'll tell you who can—but insist upon Olympic—demand it—"there isn't any just as good."
