WAGE WAR ON ANIMALS

BIG BATCH OF TRAPS SENT OUT TO WALLOWA TODAY.

Forest Rangers have a Lot of Tools With Which to Kill Predatory Beasts.

Armed with about 50 bear traps for the use of the forest rangers on the Wallowa reserve in the campaign that is to be waged this winter against the predatory beasts, Superintendent Harry W. Harris of the Wallowa Forest and Grazing association, with Assistant Charles Black, came down from Baker City last night after attending a meeting of the Wool Growers association of Union and Baker counties. They spent the night in this city and left this morning for Wallowa.

According to the statement of Mr. Black, \$15,000 worth of sheep were killed by coyotes in the Wallowa reserve last season. An effort is now to be made to rid the range of these pests. An assistant hunter is to be put on the reserve in the Powder valley soon, as the winter months are considered the most effective season to hunt coyotes. These hunters are allowed to sell the hides but are not allowed to collect the scalp bounty.

Another of the important problems considered by the wool growers of the association in their meeting at Baker was the question of cutting down the number of sheep now being grazed for the larger flock masters. This is for the purpose of allowing a larger number of worthy men to get the use of the forest reserve. The cut will probably be from 8 to 15 per cent of the present number. It is the desire of the government officials to favor as much as possible to favor the application of homebuilders coming into the country by allowing them to herd on the national forest reserve.

The Road to Success

has many obstructions, but none so desperate as poor health. Success today demands health, but Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of stomach, liver, kidneys, bowels, purifies and enriches the blood, and tones and invigorates the whole system. Vigorous body and keen brain follow their use. You can't afford to slight Electric Bitters if weak, run down or sickly. Only 50c. Guaranteed by the Newlin Drug Co.

BEETS ARE UN DAMAGE

RAINS ONLY RETARD AND DO NOT DAMAGE IS OPINION.

During Few Days Remaining Every Beet will Be Pulled.

Beet fields have not suffered material damage from the recent rains, and the gleaners, though a trifle delayed, will be able to proceed again without disastrous delay.

Sometimes rain interfere with the harvest but as there is but a week or so left of 1909 harvest season, it is very evident that every beet in Union and Wallowa counties will be harvested and converted into sugar.
