GENERAL AID COMES

LA GRANDE MERCHANTS WILL ALSO HELP MACADAMIZE.

Farmers and Merchants Together in Booming Macadam Roads.

A general joint effort to raise money for the permanent improvement of Booth lane is being made. Superintendent Campbell started a petition among the business men last evening and today was meeting with good success. The county has donated \$5,000, the farmers are donating men and teams and the business men are giving the cash. Booth lane has been the nightmare of the community for years and it is to be hoped the present effort will successfully dislodge the situation forever.

The farmers of the country are coming in and volunteering from 10 to 50 days work with men and teams. The force is being enlarged daily. Today Superintendent Campbell employed a cook for the camp and business on the road will be flourishing.

BUSY TERM IN SIGHT

WALLOWA TERM WILL BE AN IMPORTANT ONE.

Court and Attorneys Leave For Enterprise this Morning.

Prior to leaving for Enterprise where circuit court convenes next Monday, Judge Knowles stated that the indications were that this would be the busiest term of court held in Wallowa county since he has been on the bench. In addition to a large civil docket there are a number of important criminal cases, which include the State vs. Tom and George Tucker, charged with riot, resulting from a shooting scrape at a dance. Another case being the State vs. Clark, charged with rape and a cattle stealing case wherein a man by the name of Hunter is the defendant. What the grand jury may find remains to be ascertained but it will be an exception if one or more indictments are not found against violators of the local option law. The past history of Wallowa county is that indictments in this line of cases is practically a conviction.

HOWARD HEATING STOVES

Howard wood and coal grates will burn either wood or coal

Have wood and coal grates and burn either wood or coal. No one expects to get strictly high grade goods at the price of "cheap stuff," but a high price guarantees high quality. Don't make a mistake in buying a range. Many ranges of ordinary construction are priced high or even higher than the incomparable Monarch.

WHEN YOU BUY—
Find out what it is made of. You have a right to know these things. Any man selling ranges who says, "Our range is a fuelsaver—a perfect baker," and stops there, casts a reflection on your intelligence. If these things are true of any range, there is a reason for it—a reason you can see and understand—a reason you have a right to know before buying.
We can show in a Monarch range exactly why it does what we claim. Come and see how the Malleable iron and steel plates are riveted solidly together, insuring a tight range for unlimited time. Let us explain how tight, permanent seams are possible only in ranges where Malleable Iron is used. We can show you how tight, solid construction is necessary to everything you want most in your new range—prompt, sure service—long life—and fuel economy.
