

Young Men: Reason It Out

Let's get at the facts; and find out, once for all, why these are the best clothes a young man can buy.

The makers, Ederheimer-Stein & Co., specialize Young Men's; they don't make men's clothes at all.

There aren't many such makes. Not enough to go 'round and permit every store to have a live, genuine, special brand for young fellows only.

Your size in a man's suit doesn't make it right for you. There's a legion of details in the designing and tailoring that

distinguish Young Men's from Men's clothes. Your kind won't suit your father; nor his kind please you.

Ederheimer, Stein & Co., make clothes for the Young Man's figure and the Young Man's taste. They make roomy, full chested coats that are stylish; suits and overcoats with a lot more swing and snap to them than a man wants.

It takes a third more cloth and a lot more skill to make clothes the Young Man's way. But when you buy them you're satisfied; you've got the best.

We're sensitive on the point of making a difference between Young Men and Men. We hope you are.

THREE MORE REALTY DEALS

ACTIVITY IN LOCAL REALTY IS KEEPING UP.

Three Deals Closed By Van Duyn Co. This Morning.

Three real estate transfers were reported this morning by the Van Duyn real estate company showing that there is considerable activity in all kinds of property in this vicinity.

Wm. Adler, a well known employe of the O. R. & N., in this city has purchased from W. J. Morrison, a five room cottage on M Avenue between 9th and 10th streets.

Lot 7 block 60 Chaplain's addition has been sold to Ben Zubrick by John Metzler of North Powder. Seven acres a few miles south of La Grande has been purchased by J. C. Hartle from Wm. G. Noble. Other bigger deals are under consideration but not completed at the present time.

TRENCH ONLY 3 MILES OFF

PIPE LAYERS HAVE COVERED A DISTANCE OF 7 MILES.

Every Indication that Project Will be Completed this Month.

Pipe trench diggers for the American Light & Power Company now building the Beaver Creek Pipe line, are three miles from La Grande and are rapidly moving goal-ward. A gap was left behind last week, and the crew is today completing this link and when this is completed will finish the trench to a point within three miles of the city.

The pipe layers are just this side of Whiskey Creek, a point seven miles from the intake, and they, too, are coming along the course rapidly. Occasional rains will delay the work a little but not materially in the purpose now entertained, namely, of having the pipe line finished this month.

CHICKENS ON THE MENUS

BUSINESS MEN'S LUNCHEON TONIGHT AT SEVEN.

Every Business Man Should Attend This Important Dinner.

Chicken, served in Arbuttle style, are the order tonight at 7 o'clock, promptly, when the business men will meet at the Model restaurant for a get together dinner. Speeches, talk, rest and a general good time will be the prevailing styles.

Business men should remember this event and bring four bits. The nature of this sort of a business men's luncheon, is too well known to need discussion. It is at seven o'clock.

HOWARD HEATING STOVES

Howard wood and coal grates will burn either wood or coal

Have wood and coal grates that burn either wood or coal. No one expects to get strictly high grade goods at the price of "cheap stuff," but some do that a high price guarantees high quality. Don't make a mistake in buying a range. Many ranges of ordinary construction are priced high or even higher than the incomparable.

WHEN YOU BUY A RANGE—

Find out what it is made of. You have a right to know these things. Any man selling ranges who says, "Our range is a fuelsaver—a perfect baker," and stops here, casts a reflection on your intelligence. If these things are true of any range, there is a reason for it—a reason you can see and understand—a reason you have a right to know before buying.

We can show in a Monarch range exactly why it does what we claim. Come and see how the Malleable iron and steel plates are riveted solidly together, insuring a tight range for unlimited time. Let us explain how tight, permanent seams are possible only in ranges where Malleable iron is used. We can show you how tight, solid construction is necessary to everything you want most in your new range—prompt, sure service—long life—and fuel economy.
