If your stomach is lacking in digestive power, why not help the stom ach to do its work, not with drastic drugs, but a reinforcement of digestive agents, such as are naturally at work in the stomach.

People with weak stomachs should take Diapepsi necessionally and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour risings, gas on the stomach of belching of undigested food, headache, dizziness or sick stomach and besides what you eat will not ferment and poison your breath with nauseous odors. Al lthese symptoms resulting from a sour-out of order stomach and yspepsia are generally relieved five minutes after taking a litle Diapopsin.
