

Young Men: Reason It Out

Let's get at the facts; and find out, once for all, why these are the best clothes a young man can buy.

The makers, Ederheimer-Stein & Co., specialize Young Men's; they don't make men's clothes at all.

There aren't many such makes. Not enough to go 'round and permit every store to have a live, genuine, special brand for young fellows only.

Your size in a man's suit doesn't make it right for you. There's a legion of details in the designing and tailoring that distinguish Young Men's from Men's clothes. Your kind won't suit your father; nor his kind please you.

Ederheimer, Stein & Co., make clothes for the Young Man's figure and the Young Man's taste. They make roomy, full chested coats that are stylish; suits and overcoats with a lot more swing and snap to them than a man wants.

It takes a third more cloth and a lot more skill to make clothes the Young Man's way. But when you buy them you're satisfied; you've got the best.

We're sensitive on the point of making a difference between Young Men and Men. We hope you are.

A. F. Work Here to Take Charge of
New Establishment.

With the avowed intention of making La Grande the headquarters for the A. C. Ruby horses in this section of the state, A. F. Work, representative of the company, is in the city today. Mr. Work is looking around and may locate here and make this the central point for the breeding and importing of their stock.

A number of sales have already been made. Among the farmers who have made purchases of imported mares and horses are Fred Gaskell, Lou Stanley, and the Woodells. Mr. Work has his horses at the Red Front barn at present and he is stopping at the Sommer house.

Mr. Work drove in from Union this morning and reports coming through snow two inches deep in the valley. If all goes well he may bring his family to La Grande and make his home here for the winter.

LOCAL PLAYHOUSES.

"Twenty-One" at the Pastime.

The great drama "Twenty-One" will open at the Pastime tonight and need less to say it will be well handled by the popular National Stock Company. There will also be new specialties.

At the Saturday Matinee "My Jim" will be the bill and the motion picture "Dr. Cook's Return to Civilization" will be run.

A New Musical Hit.

When "Lo" the new musical comedy with John E. Young as the star comes to the Steward Opera House on Monday, November 15, theatre goers will see an entertainment which is different than anything which has heretofore been presented in the way of musical comedy.

There is a class and distinction, a refinement and an atmosphere of superiority about "Lo" caused, of course, by the fact that it was written by O. Henry, the world's most famous magazine writer, and Franklin P. Adams, the humor expert of the New York Evening Mail. Its plot is always in evidence, it is logical and at times grips the imagination of the audience with a real thrill and yet it has all the customary light features of musical comedy, such as pretty girls, entrancing music, dash spirit and incessant action.

Happy Hooligan Tonight.

Who have not seen the cartoons of Happy Hooligan? The character is purely American and even the cartoons have a tendency to convulse. What must the effect be when seen in real life. Happy Hooligan will make his first appearance tonight at the Scenic theatre. Come out and see him and be prepared to laugh—you will have to laugh—you can't help it. Eight people take part in Happy Hooligan and the house should be packed. New specialties and pictures.

UNION COMES ON SATURDAY

Union will have its inning here Saturday, when its football team lines up against the local team, still suffering some from the gruelling game at Baker City last Saturday. Reports from "Union" are all to the good, as that team has been practising all day for this very same game, which if won, will be a feather in the sister town's cap.

NO DYSPEPSIA MISERY.

No Indigestion, Heartburn, Gas or Headache Five Minutes Later.

You can eat anything that your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach if you will take a little Diapepsin occasionally.

Your meals will taste good and any thing that you may eat will be digested so that nothing can ferment or turn into acid or poison or stomach gas, which causes belching, dizziness, a feeling of fullness after eating, nausea, indigestion (like a lump of lead in the stomach), biliousness, heartburn, water brash, pain in the stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapepsin really does the work of a healthy stomach. It digests your meals when the stomach cant. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Pape's Diapepsin from your druggist and start taking it now and in a little while you will actually brag about your healthy strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity or gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.

TUCKER TRIAL STILL ON.

Noted Trial at Enterprise Continues to Hold Court's Attention.

Reports from Enterprise this afternoon are to the effect that the Tucker trial is still raging. An interesting turn was taken by the state yesterday afternoon when District Attorney Ivanhoe made a motion to dismiss the

charges against Ben Tucker and Logan in order that they might testify against Tom Tucker. There is said to be little evidence connecting these men with the shooting of Estes.

HOWARD HEATING STOVES

Howard wood and coal grates will burn
either wood or coal

Have wood and coal grates that burn either wood or coal. No one expects to pay strictly high grade goods at the price of "cheap stuff," but some do. That a high price guarantees high quality. Don't make a mistake in buying a range. Many ranges of ordinary construction are priced high or even higher than the incomparable Monarch.

WHEN YOU BUY

Find out what it is made of. You have a right to know these things. Any man selling ranges who says, "Our range is a fuel-saver—a perfect baker," and stops there, casts a reflection on your intelligence. If these things are true of any range, there is a reason for it—a reason you can see and understand—a reason you have a right to know before buying.

We can show in a Monarch range exactly why it does what we claim. Come and see how the Malleable iron and steel plates are riveted solidly together, insuring a tight range for unlimited time. Let us explain how tight, permanent seams are possible only in ranges where Malleable iron is used. We can show you how tight, solid construction is necessary to everything you want most in your new range—prompt, sure service—long life—and fuel economy.
