New Bill a Scenic.
 Everything changes tonight at the Scenic. All new vaudeville acts. Howard De See puts on roller skates tonight. New pictures that will please all. Come out for an evening's amusement, where everything is snappy. Commencing next Monday night the greatest show ever put on at this popular house with a burlesque on Uncle Tom's Cabin. Baker City is wild over it this week. Kennon's great doll act also next week.

The New Pastime Bill.
 "Finnegan's Fortune will hold the bills at the Pastime for three nights commencing tonight, with new specialties throughout. This is a real comedy in which ludicrous situations follow each other with lightning like rapidity. You simply can't keep from laughing.
 A feature tonight will be a new song composed by Thomas Bruce with words by Mandeville and Athey, entitled "Old Blue Ribbon For Mine."
 The children's matinees on Saturdays are gaining in popularity. Last Saturday, although the weather kept some away, the Theatre was comfortably filled.

To Open Night School.
 Anyone desiring to enter an evening class in typewriting and short hand, please confer with the undersigned at once. Phone Main 14.

Monarch HOWARD HEATING STOVES

The Stay Satisfactory Range

Howard wood and coal grates will burn either wood or coal

Have wood and coal grates and burn either wood or coal! No one expects to pay strictly high grade goods at the price of "cheap stuff," but some that a high price guarantees high quality. Don't make a mistake in buying a range. Many ranges of ordinary construction are priced high or even higher than the incomparable Monarch.

WHEN YOU BUY—
 Find out what it is made of! You have a right to know these things. Any man selling ranges who says, "Our range is a fuelsaver—a perfect baker," and stops there, casts a reflection on your intelligence. If these things are true of any range, there is a reason for it—a reason you can see and understand—a reason you have a right to know before buying.

We can show in a Monarch range exactly why it does what we claim. Come and see how the Malleable iron and steel plates are riveted solidly together, insuring a tight range for unlimited time. Let us explain how tight, permanent seams are possible only in ranges where Malleable iron is used. We can show you how tight, solid construction is necessary to everything you want most in your new range—prompt, sure service—long life—and fuel economy.
