## PICK 1910 CAPTAIN

**TOM WILLIAMSON SELECTED TO LEAD NEXT FOOTBALL TEAM.**

Successor to Captain Ingle Elected at Hose Party Yesterday.

Tom Williamson, the big line plunging fullback on the La Grande team, was yesterday afternoon chosen captain to the team next year in the La Grande High school, to succeed Joe Ingle, the retiring leader. The election took place in the Ritter studio where the team had posed for group photographs just prior to the game. Williamson's cool, collected manner, under fire, will prove a narcotic to the newer players.

Joe Ingle leaves the helm of the 1909 team with the highest praise and confidence of his men. His bulk and action in the line has been a feature of the game this year, and being on the firing line, he could assist materially in directing the play.

No manager was chosen yesterday, that being deferred to a later date.

## LYBARGER IS WELL LIKED

FAMOUS PHILADELPHIA BARRISTER ENTERTAINS AUDIENCE.

Large Audience Listens to Speaker for Fully Two Hours.

The lecture by E. Francis Lybarger of the Philadelphia bar, drew a large crowd Wednesday night. The lecturer entertained his audience for nearly two hours with the most startling array of facts concerning the present economic condition of our country.

The Observer will carry a special feature tomorrow afternoon on the unusual career of Lybarger and upon the subject upon which he spoke. He left yesterday for Portland where he expects to be appointed as one of the Oregon Circuit judges for the coming summer.

### Notice of Election.

The annual meeting of the members of the La Grande Commercial Club will be held in the Club rooms, La Grande National Bank building, Tuesday evening, December 14, 1909, for the purpose of electing six directors and transacting such other business as may properly come before the meeting.

## THE EYE IMPORTANT

The eye is one of the most important and delicate parts of the body. "Sight is Priceless." Glasses should not be worn where no error of refraction exists, but where an error does exist they should be put on as soon as possible and worn constantly until the defect is cured. Wearing glasses once does not signify that they will always be worn. You can at any time (before the defect is cured) go back to the poorer vision if you so desire. The vision will not be poorer than it was before the glasses were worn, but will be more noticeable on account of having been accustomed to better vision. I have made a special study of

the eyes and have been fitting glasses for fourteen years. Ask anyone that I have fitted for reference as to my ability, then give me a trial and be convinced. All work guaranteed.
