BEAUTIES OF GRANDE RONDE.

To the people who arose early yesterday morning, was given the privilege of witnessing one of the scenes that Dame Nature sometimes, but not often, presents in the shape of a grand stage setting or a beautiful painting. As the sun rose in the east, the sky of the appearance of a grand and glorious masterpiece, the like of which no man could ever place on canvas or scarcely imagine. The sky as a background, took on the opalescent coloring of a deeply tinted mother of pearl, while the few scattered cloudlets were deep orange, pink and radiating in all the colors of the rainbow. Off towards the mountains, which the early morning mists almost completely hid from view, waves of light varying in tints from sea green to a deep purple stole in and out, giving the hills the appearance of a beautifully mysterious land of dreams and one could be found looking longingly for the appearance of the fairies at every fantastic change of their appearance. It was wondrously beautiful. So much so that cold type cannot express the impression that the scene left on the beholder. It was a veritable glory of glories, enthroning the new born moon. As the sun rose higher the beautiful vista of ever changing colors began to fade away silently and slowly, until the king of day shone full on the face of the mountains bringing out every slight detail like gazing through a strong field glass. Yes, nature gives at times to the Grand Ronde those beauties that are supposed to be found only in the Italian skies or the midnight sun of the northland.

Walter Ferguson is taking the school census in this district. It is highly important that every child of school age should be counted. Every one that is overlooked, reduces the school money, state and county, by that much. If your home is missing, you should call up Mr. Ferguson and notify him of the fact and he will have the names enrolled. It is further important that a complete count should be made as it gives us a pretty fair index to the city's population at this time.

Senator Nelson W. Aldrich, in an address before the Economic Club of New York, last night said that the price of 1907 cost the United States more than \$2,000,000,000. Senator Aldrich continued:

"The disastrous results of that crisis can never be completely measured. Its destructive influences were felt throughout the world and the United States escaped only by the narrowest margin a total collapse of all credit and the wholesale destruction of all values."

The coyote has a sweet tooth for mutton and that fact gives the Western ranchmen much trouble, this little animal that barks only at a safe distance when human beings are about, will follow a sheep for miles, camp on its trail in fact for a whole winter, if necessary, and then follow it back to its summer quarters in the hopes of at last feasting on it. No worthless cure was ever half so assiduous in its attentions or so cunning in its maneuvers.

If the United States goes to Nicaragua for the purpose of straightening matters out there, things will be put straight at right. The Killing of American citizens is a slight and those who are according

The roads leading into the city from the west and for a considerable distance in the city should be fixed up properly. The worst roads to be found from the city to Starkey are within the city limits and just outside. This condition has prevailed for many years and it is time these streets and roads were put in shape. Let this be the last year that this can be said of this case.

Judge Bennett of Portland is putting in practice a theory that he has had for some time and instead of fining the usual Monday morning drunks \$2 he has raised the fine to \$10. Monday morning of this week he only had nine victims appearing before him as against 25 the week previous. It will soon be in Portland so that none but the rich can afford a Sunday drunk.

January 10th is the date fixed in the federal courts for the hearing of the land fraud cases, in which the indictments in most instances are about five years old. It is the general impression that practically all of them will be dismissed. Ex-Congressman Hermann is to be tried and possibly one or two others.

When congress meets in December one of the questions to be threshed out will undoubtedly be the revision of the pure food laws to meet the demands of the general body of consumers for still further improvements in the method in vogue in many of our food factories.

The recent rains have resulted in considerable damage in certain sections of the Northwest. Grande Ronde is fortunate again as usual. Our rains have been of immense benefit to the ground as it is now thoroughly soaked both in the valleys and in the mountains, which will insure both a bountiful crop of grains and grasses.

AWAY GOES BACKACHE.

Just a Few Doses Regulate Out of Order Kidneys Ending Bladder Misery.

Old, obstinate cases, it is true cannot be cured in a few days, but there is absolutely no sufferer from exama whoever used this simple wash and did not find immediately that wonderful soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is laid. This is a need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Company of Chicago, and our long experience with this remedy has given us great confidence in its merit.—Newlin Drug Company.

NO BACKACHE MISERY. A Few Doses Makes Your Out of Order Kidneys Work Fine.

No man or woman here whose kidneys are out of order or who suffers from backache or bladder misery, can afford to leave Pape's Diuretic untried.

After taking several doses all pains in the back, sides or loins, rheumatic twinges, backache, headache, sleeplessness, inflamed or swollen eyelids, dizziness, tired or worn out feeling and other symptoms of clogged sluggish kidneys simply vanish.

Uncontrollable urination (especially at night) smarting, discolored water, and all bladder misery ends.

The moment you suspect the slightest bladder or kidney disorder or feel rheumatic pains don't continue to be miserable or worried, but get a fifty cent cent treatment of Pape's Diuretic from your druggist and start taking as directed, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which is so harmless or will effect so thorough or prompt a cure.

This usual preparation goes direct to the cause of trouble distributing its cleaning, healing and vitalizing influence directly upon the organs and glands affected and completes the cure before you realize it.

A few days' treatment of Pape's Diuretic means clean, healthy, active kidneys, bladder and urinary organs—and you feel fine.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Accept only Pape's Diuretic—fifty cent treatment—from any drug store—anywhere in the world.
