BELLINGHAM HAS STORM

Bellingham, Wash. Dec. 2.—Bellingham and Whitcom county is experiencing the worst storms in the history of the country. It is estimated that many thousands of dollars in damage has already been done. It was believed that the floods had reached their limit last week when the Maretta draw bridge over the Nooksack river was wrecked, but today the waters are much higher and a new record has been established. The farm lands everywhere is flooded and much loss has been sustained by the farmers of the county. No lives have been lost as yet that is known of.

THE EYE IMPORTANT

The eyes is one of the most important and delicate part o fthe body. "Sight is Priceless.". Glasses should not be worn where no error of refraction exists, but where an error does exist they should be put on as soon as posible and worn constantly until the defect is cured. Wearing glasses once does not signify that they will always be worn. You can at any time (before the defect is cured) go back to the poorer vision if you so desire. The vision will not be poorer than it was before the glasses were worn, but will be more noticable on account of having been acustomed to better vision. I have made a sepcial study of the eyes and have been fiting glasses for fourteen years. Ask anyone that I have fitted for reference as to my ability, then give me a trial and be convinced. All work guaranteed.
