A finer shoe for men

Do you know what it means to put your foot in a shoe that feels as though it was made for you and you alone?

A shoe that seems to become a part of you, so perfect does it fit?

If you would experience this genuine shoe comfort, just try a pair of our "R. J. & R." \$5.00 and \$6.00 shoes.

THE R. J. & R. SHOE

made in St. Louis, the world's greatest shoe center, by Robert, Johnson & Rand Shoe Company, the

universally known makers of "Star Brand Shoes."

"STAR BRAND SHOES ARE BETTER."

PERHAPS you have worn dishonest shoes all summer and did not know it.

Perhaps you have worn shoes, which, instead of being made of leather throughout, were partly made of pasteboard, so prepared as to make it look like leather.

You see, leather is becoming too expensive for some manufacturers. So they use pasteboard where you can't see it—in the heels, in the toes and in the center. This substitute for leather does not cost much, yet you are charged the same price as though you had bought good solid leather shoes.

Prepared pasteboard may look alright to the casual observer, but when it receives a little wear or gets WET it's gone.

That class of shoes—and it is surprising how many is being made and sold—simply can't stand the wet wintry weather. Only honest, solid leather shoes can stand the test.

We know from experience that only solid leather goes into the "Star Brand Shoes."

You have not seen the most distinctive styles for Fall and winter until you've seen the new "STAR STYLES." They are different; they fit your feet and are truly comfortable.

And they will withstand hard usage in WET WEATHER and keep you healthy because they will keep your feet dry. We believe your inspection is due our varied stock.

"STAR BRAND SHOES ARE LEATHER."

THE R. J. & R. SHOE \$5.00 & \$6.00

MEN'S SWEATERS

This weather demands warmer clothing and a good wool sweater is the most convenient as it is light in weight, comfortable to wear as it is soft, and can be worn with ease and looks dressy on almost any occasion.

MENS—in white and all staple colors. \$1.40 to \$4.99

BOYS—in staple colors \$1.00 to \$1.50

LADIES—Fancy weaves in staple colors, White

Red, Blue, etc., \$2.75 to \$6.00

From the appearance of the store the day after Thanksgiving one might readily believe that old Santa had made a mistake and arrived a full month ahead of time. The very air of the store seemed tainted with the Christmas spirit. The hustle and bustle, opening and placing the Christmas stock is noticeable on every hand. The getting-ready-to-serve-the-people is general throughout the store. We will be prepared to serve day before Christmas but are better prepared now. We have our stock arranged to make convenient for people looking after their holiday matters. Nearly everything is shown with the prices in plain figures. This assists anyone in making their holiday purchases. We will be pleased to have you visit us at an early date.

WARNERS RUST PROOF CORSETS

Distinctly a model for the medium figure—the skirt is long and round—no one part longer than the other. A full set of hose-supporters at the front and sides. This model is intended for a figure with bust, waist and hip measurements proportionate. All Warners Corsets are guaranteed to wear—not to rust, break or tear—and the hose supporters are the Security Rubber Button Hose Supporters, all metal parts of which are guaranteed rust proof.

Prove the Value of Osteopathy For Yourself.

Seeing is believing. Trying is knowing. Don't let this remain a matter of report with you but put osteopathy to the test for its ability to cope with acute diseases such as invade your home or place of business this winter. At the first indication of disordered health entrust the case to an osteopathic physician and see how nicely he or she will cope with it and rally the forces of nature to restore good working order in the body.

There are many people that have

been cured of such chronic ailments as rheumatism, lameness in different parts of the body, headaches, asthma, goiter, and such simple things like "colds" and eradicates the dread clutches of la grippe from the system.

These people are apt to express surprise when told that osteopathy can and does manage cases of typhoid fever, scarlet fever, whooping cough, diphtheria, etc. with as signal success as it treats a chronic ill. Now why should this be. Does it not appeal to you that as most of these acute ills

are followed by chronic ones it would be much more easily cured in the acute stage than after it had become chronic? The oft repeated story of the man who does not look after the small leak in the dam which is holding the waters in check will find out to his sorrow that it soon becomes a raging torrent and it is then either a herculean task to repair it or it is an impossibility. The human system is to be thought of in this way, as the vitality becomes lowered it is in a fair way to be overcome with disease, and that is the time to repair the leak. Readjust the structures so that the life giving blood and lymph with the aid of the nerves, will repair the body and give you good health.—Osteopathic Herald.

Notice.

Having sold out my interests in the City Blacksmith shop, my friends and patrons will find me located in Bob Masterson's shop, opposite Wood's livery stable. Thanking you for past favors I still solicit a share of your trade.
