Dr. V. A. Baker, general superintendent of the Anti-Saloon League of America is authority for the statement that during the year 1909, 11,000 saloons have been voted out of existence and 4,000 more forced to close, which is an average of 40 saloons a day being voted out of existence. He predicts a still greater decrease when the great mass of the laboring element of the country, who are the greatest sufferers through the saloon, when this class becomes awake to their position the anti-saloon movement will spread greater than ever.

Osteopathy for Holiday Ills.

There are no great benefits in life without some corresponding handicaps. Christmas and New Years have their vast rounds of happiness and joys shared by no other season of the year; yet they also bring their own penalties for indiscretion. Over indulgence in eating, drinking and smoking, the exhaustions from a too close pursuit of pleasure and too little rest, the very overthrow of normal schedules of living and the substitution of new and artificial habits are sure to bring their round of retribution.

There are a number of acute attacks of sickness which attend and follow upon holiday festivities which every physician knows is really a part of the holiday institutions as the pleasures. It is well for every family to realize this situation, to be ready to deal with these little emergencies as they arise and to know just what is the shortest, most direct, quickest and best means of restoring health and comfort in the household.

Severe "colds" in the head are one of the surest results of overeating. Most people do not understand this, but it is true. Poor ventilation and super-heated houses also conduce to the same condition. Watch and see how many people you know who complain of running colds, nasal and throat catarrh and la grippe during and immediately after Christmas week this year.

Of course, "colds" are the forerunner of all of winter's ills and are the logical beginning of catarrh, sore throat, tonsillitis, bronchitis, la grippe, pneumonia and consumption. To prevent and stop colds is to escape

a good deal, if not most all, of the trouble experienced from these other diseases. If the victim of pneumonia and consumption never came down with severe and acute colds there would be precious few such victims to enumerate.—Osteopathic Herald.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Liniment and bound on to the affected parts is superior to any plaster. When troubled with a lame back or pains in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. This liniment also relieves rheumatic pain and is certain to relieve anyone suffering with that disease. Sold by all good dealers.

to A. A. Christholm of Treatwell N. Y., now. His reason is well worth reading: "For along time I suffered from indigestion, torpid liver, constipation, nervousness and general debility," he writes. "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. Then used Electric Bitters. Twelve bottles restored all my old time health and vigor. Now I can attend to business every day. It is a wonderful medicine. Infalible for Stomach, Liver, Kidneys, Blood and Nerves. 50c at the Newell Drug Company.
