

MY HOLIDAY LINE

Yes, the goods are here and opened—a little early you say—no, just about right for many buyers want the first look—first selection—it means getting the cream in most cases because later on the lines are broken.

"The Christian Tonight."

La Grande theatre goers will have the opportunity of seeing "The Christian" tonight at popular prices. This great play is a dramatization of Hall Caines' famous novel, a book that has been read in every civilized country in the world. The story of "The Christian" is a powerful one that impresses itself on the memory of the people so vividly that it is even better than a sermon. "Gloria Quayle" played by Miss Della Pringle is one of the greatest parts ever written for a woman.

Miss Pringle gives an excellent interpretation of this part, especially in the stronger scenes.

C. K. Van Auker as "John Storm" "The Christian" is convincing and powerful. Every member of Miss Pringle's company lends valuable aid and without doubt this famous play is re-produced in a manner superior to many so-called high priced attractions. Every detail is carefully looked after. The costumes and scenic embellishments are a large factor in making "The Christian" a success. Many reservations have been made for sets, and from present indications tonight will be the real society event in theatricals. A special matinee will be given tomorrow.

O. R. & N. PLANS IMPROVEMENTS AT MILTON SOON.

A dispatch in the Walla Walla Union says that the O. R. & N. is planning radical changes in the railroad workings of Milton. The plan as now outlined is to run an extension or spur up into the heart of the business part of the town and instead of stopping at the present station the trains will run to a depot situated in the business section. If this plan is carried out a special passenger train will be run from Pendleton to Walla Walla via Milton, going up to the new depot to be established there.

We are Still Threshing

Will Demonstrate Every Day This Week

AN IMBLER MAN SAYS:—"If you will start your factory at Imbler we will finance it for you."
 A NORTH POWDER MAN SAYS:—"If you will come to North Powder we will see you through."
 We are telling you this to show you what some level-headed business men think of it after seeing it run, men that know a piece of machinery when they see it.
 We want the home of the AUTOMATIC THRESHER to be in La Grande if possible. GO SEE IT EAT HAY. Not some time next week, but TODAY.
 At a capitalization of \$30,000.00 it is far ahead of any investment that has ever been offered you (the little model will prove it).
 BEAVER CREEK WATER will make bull RUN some, and that is what the Automati cThresher will do to the old machines.
 If we happen to miss you with the subscription, do not feel slighted, but call on us as we cannot reach every place.
