CLOSED FOR NEW YEAR'S

ALL STORES AND MERCHANTS TO OBSERVE THE DAY.

Stores Will Remain Open Late Friday To Permit Shopping for Both Saturday and Sunday.

New Years will find the city shrouded in idleness for in accordance with agreements entered into between the business houses, the commercial centers are going to observe the entire day. This plan became so popular last Christmas day that it has been adopted again for New Years. There will be full opportunity to supply the larders on Friday night when all stores will be open until a late hour. Attention is again called to the shoppers to do their purchasing on Friday as the stores will not open on Saturday night for the Sunday shopping.

Hogs or Cereal Sausage?
Topeka, Kas. Dec. 30--"Do you want hog or cereal sausage?" That is the question which will be asked after tomorrow by the men behind the counters in Kansas meat markets.

This distinction is due to the fact that the state board of health recently determined to compel all packers and butchers who make their own to label it when anything other than meat is put into it. Many butchers and some of the packers use corn meal in some sausages to give an added flavor. Some butchers were found who were not dissatisfied with selling ground corn for sausage but soaked the meal to give weight. Hence all will have to cease using meal or else the sausage will have to be labelled "cereal sausage." The sale of sausage of containing cereals of any sort is prohibited unless the label is used.
