The plain facts are that we have entirely too much merchandise for this season of the year and in the face of this fact, and considering the amount of goods we have already supplied our customers with, we realize that nothing short of heroic action will reduce our stock to the amount which positively must be done within the next few weeks.

Now we have gone through the entire stock and remarked each and every article in plain figures at a reduction which is pleasing to the eye of the most scrutinizing bargain hunter convincing to the most skeptical and in reach of the smallest purse.

We absolutely guarantee every article in our store to be a bargain or your money will be cheerfully refunded on demand. We are giving you a faint idea in this advertisement of the unusual bargains; that you may know that we mean all and more than we have said and if we had the space we could quote on hundreds of other prices which would be just as convincing but a visit will prove to your entire satisfaction that you have never seen in La Grande a sale just like this before.
