HEN SHOW HERE ALRIGHT

(By Hen Show Booster.)
Hello Central. This is Wallowa. Ring us up for the poultry show next week, will you? Why yes, certainly. Say did you hear about that big turkey they are going to have at the show? They say he is 36 inches tall and weighs 45 pounds. Some said he was from Ladd Canyon and was raised on tomato and sunflower seed and that his beard nearly reaches the ground. Oh yes, we also heard they killed a queer animal with wings in Hot Lake the other day and was going to bring it to the show and ask the judges what kind of a pelican it was. Good bye.

AWAY GOES DYSPEPSIA.

Indigestion, Heartburn, Gas and all Stomach Misery Vanishes.

Take your sour, out of order stomach—or make you call it indigestion, Dyspepsia, Gastritis or Catarrh of the stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50 cent case of Pape's Diapepsin and let you eat one 22-grain ritangle and see if within five minutes if there is left any trace of your former misery.

The correct name for your trouble food fermentation—food souring; the digestive organs become weak, there is a lack of gastric juices; your food is only half digested and you become affected with a loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in the bowels, tenderness in the pit of the stomach, bad taste in the mouth, constipation, pain in the limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar ailments.
If your appetite is feeble and nothing tempts you, or you belch gas or if you feel bloated after eating, or

your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

There is a Wonderful Difference

between the light afforded by an ordinary carbon incandescent and the brilliancy of our new Tungsten lamp. The latter has a metal filament (the tiny wire inside of the bulb) which radiates two and one half times as much light with same amount of electric current.

A 40-Watt Tungsten Affords Twice the Light
of the 50-Watt carbon lamp now in general use and cost one-fifth less to burn. We recommend its use to our customers as it more than cuts their light bill in two, making electric light so inexpensive that no home, however humble, and no store, however small, can afford to be without one.
