Great Cue Contest

Pittsburg, Pa., Feb. 2.—Interest is running high today in the Smoky City's first championship billiard match, which begins tonight and will continue tomorrow and Friday nights, when Willie Hoppe and Ora Morningstar contest for the Great Northern Hall for a purse of \$1000 and the gate receipts. Both of them undefeated champions at the 18-2 balk-line game, speculation is rife as to which is the better master of the ivories and the cue. Hoppe's contention that nothing short of 1500 billiards played in three consecutive innings each was adequate to determine the championship will prevail in this contest and therefore the winner of it may be reasonably sure to meet Calvin Demarist, the young Chicagoan, who won last year's tournament.

Prison Lecture at Scenic.

Edward Holland, coming with a large number of lantern slides and an interesting lecture will appear at the Scenic this afternoon, tonight, tomorrow afternoon and night, with the subject, "Behind Prison Bars at Sing Sing." He shows interesting features of the famous prison. A picture of Marjorie the prison born baby, the electrocution of Caryle Harris who murdered his girl sweetheart, and a picture of Albert Patrick, the clever attorney held for life imprisonment for murdering the millionaire Rice, are some of the features. This lecture is in addition to those regularly appearing at the Scenic this week.

SOCIETY

Mr. and Mrs. T. T. Nickelson entertained a few friends at a five-course dinner at their home on 3d Street in honor of their son George's first birthday anniversary. The home was appropriately decorated and a very enjoyable event ensued.

Finding More Bodies.

Primero, Colo., Feb. 2.—Forty-nine bodies have been recovered from the wrecked mine of the Colorado Fuel and Iron Co. Officials expect to explore the tunnel where it is believed 27 more bodies lie. State Mine Inspector Jones and his assistants are trying today to determine the cause of the disaster.

Epidemics Breaking Out.

Paris, Feb. 2.—Several cases of typhoid fever were reported to the officials today and an epidemic is feared among those who have used the city's usual water supply. This water has been polluted by the breaking of mains, and trunk sewers underneath the streets. Health authorities have issued warnings against its use. The Department of Health is urging upon the inhabitants the necessity of boiling the water for use for domestic purposes.

The Seine is falling rapidly today and is now practically within its own bounds. Authorities have permitted the use of most of the bridges that were deemed unsafe and traffic is fast resuming its normal conditions.

KRYPTOK

NO VISIBLE LINE

Permanently Located 1105 Adams ave. Opposite the P. O.

Dr. Mendelsohn has been located here seven months, and during this period has collected nearly 1500 patients, nearly 130 children. I can truthfully say that I have succeeded in doing better work and more work than any one man ever done in Union county. This proves that I have conducted my practice on a basis that appeals to everyone, to everyone who want truth. My business is founded on a square deal to everybody. I rarely hear complaints and am always ready and willing to correct any error that I make.

My 29 years experience in the practice of optics is of itself, a great asset.

If your eyes trouble you see me. I believe my extensive experience and skill together with my honesty and sincerity of purpose, I can give you a guarantee of truthfulness and satisfaction. I refer you to your neighbors, to your physicians, who have known me for the past 16 years and I am endorsed by the most prominent oculist of Portland.

The entire problem lies in these three words:

THE EYE IMPORTANT

The eye is one of the most important and delicate parts of the body. "Sight is Priceless". Glasses should not be worn where no error of refraction exists, but where an error does exist they should be put on as soon

as possible and worn constantly until the defect is cured. Wearing glasses once does not signify that they will always be worn. You can at any time (before the defect is cured) go back to the poorer vision if you so desire. The vision will not be poorer than it was before the glasses were worn, but will be more noticeable on account of

having been accustomed to better vision. I have made a special study of the eyes and have been fitting glasses for fourteen years. Ask anyone that I have fitted if it comes up to ability, then give me a trial and be convinced. All work guaranteed.
