## SIMPLIFY ALL REPORTS

### O. R. & N. WORKING TOWARD A LABOR SAVING METHOD

Delegation of head office men in La  
Grande for that purpose

Elimination of red tape and sim-  
plification of all reports now required  
of the O. R. & N. agents and the  
heads of local departments, is the  
purpose of a visit to La Grande of  
a delegation of Portland office men,  
headed by G. E. Eagen, a cousin of  
Dispatcher Eagen of this city, and  
who is general freight agent at Al-  
bina. The party looked into mat-  
ters here last night and this morn-  
ing proceeded eastward. With the  
general agent are F. W. Trepple and  
F. R. Dunn, also of the head offices  
at Portland.

At present the system of reports  
required of agents is voluminous in  
the extreme, and the system will be  
reorganized looking towards easier  
and more condensed methods.

## OLD MINER PASSES AWAY

### WESTERN FEDERATION MEMBER DIES AT LOCAL HOSPITAL

Finlander also a member of the I.  
W. W.—No known relatives.

At some time of his life a member  
of the Western Federation of Miners  
and of the Industrial Workers of the  
World, John Strong, aged 42, a  
Finlander a few days ago employed  
by the Grande Ronde Lumber Co.,  
and ill for a short time only, passed  
away at the Grande Ronde Hospital  
today. The funeral will be held to-  
morrow.

As far as known he had no rela-  
tives in this city or in the country.  
An I. W. W. card, bearing dates of  
April 14, 1907 and April 25, 1909,  
dated at Portland, Oregon, and a  
miner's card bearing date August 14,  
1897, were found on his person. He  
has been here but a few days, at  
which time he was employed by the  
lumber company, took sick and died.

press, which at present is operating  
here. While no word has been re-  
ceived to that effect, it is a well  
known fact that it always the policy  
of the American company to own  
its own wagons, instead of employ-  
ing local express deliveries to do the  
work.

The transfer will take place this  
Spring as announced in the Observer  
some weeks ago.

### Baseball Sermon

Whiston will deliver a sermon on  
the national game this evening at  
the Central Church of Christ. The  
subject of this sermon is "God's He-  
roes." Whiston held a place on the  
Syracuse University team and thus  
knows the game. He will describe  
the game between the Boston and  
Philadelphia American League teams  
Longman is a sweet soloist. This  
evening Mrs. T. J. Seroggin and Mr.  
Longman will sing a duet. This  
team is the best yet. You have seen  
bigger men than Whiston but no  
bigger preachers. Come out this eve-  
ning, you lover of baseball. Ser-  
mons at 7:40, half hour of song ser-  
vice and then the sermon.

### Yule Tide Story at the Star.

"A Gift From Santa Claus," is an  
Edison picture that will bring joy  
to the hearts of not only the child-  
ren but the older folks as well, for  
it is a picture that is well written  
and the acting is above the average  
to be seen in moving pictures. El-  
oise, the child in the film, is well  
rewarded for her patience and the  
pictures of Santa are really real, the  
moral is plainly in evidence and one  
that can be used by almost every  
one. There are two other films al-  
ong with this that are good, to say  
the least, and Mr. W. H. George  
will sing "Good Evening Caroline."

### Riverside Grange Meets.

parently in the air by the number

bership of 42 and their goal is 100

The officers are: W. M., D. H. Pro-  
ctor; W. O., Mrs. A. B. Blood; W. L.,  
Z. Chandler; W. S., J. Lindsey; W. A.,

Orpha McCaughey; W. S., Mrs. J. E.  
Clark; W. S., Roy Rice; W. G., K.  
M., Kate R. Hadley; W. C., Mrs. Je-  
nie Thompson; W. P., Miss Mabel  
Stillwell; W. F., Miss Opal Rice.

### An Interesting Lecture

On Thursday evening next at the  
Presbyterian church in this city Dr.  
T. C. Hill, a noted speaker, will de-  
liver a lecture on the subject, "The  
Boys of 1861-65," or "The Sunny  
Side of a Soldier's Life." Dr. Thomas  
Corwin Hill was with Sherman on  
his famous march to the sea, and he  
very graphically describes it. He  
was in 60 engagements. It is his  
personal recollections and experi-  
ences as a Ohio cavalry boy.

## G. E. Tungsten Lamps Make Electric Light Much Cheaper

They have two and a half times the efficiency of the or-  
dinary carbon lamp hitherto in general use. The fila-  
ment is made of a rare metal called Tungsten, which  
yields an intense brilliancy at a low cost. In shape and  
size the bulb is just like any other incandescent lamp.  
Why not try a Tungsten lamp for your self? Get one of the  
40-watt and use it some where in your house in place  
of one of your carbon lamps. Then observe the great dif-  
ference. Note the clear white light exactly twice as bril-  
liant and costing you one fifth less for electricity. Gen-  
eral electric Tungsten lamps are destined to displace all  
others, for both store and house lighting.
