Miss Hilda Anthony was surprised last Friday evening at half past five at her home by eight of her young lady friends in honor of the sixteenth anniversary of her birthday. A four course luncheon, ending with delicious cake and chocolate was served by Mrs. Anthony, assisted by Miss Berger. After the lunch they all attended the basketball contest. Before departing the guests drew numbers, representing the age of Miss Hilda at different times from the years of two to sixteen, and each was requested to draw a picture representing the young lady at that age. The number drawn indicated, also to write a verse correspondingly. A general good time was reported by all present who were Misses Runa

Bacon, Majorie Silverthorne, Mae Neill, Sara Smith, Zorlie Lewis, Marie O'Connor, Maude Leadsworth and Jeanette Smith.

Hope Chapter No. 13, O. E. S., will hold its regular business meeting this evening after which a social time will be enjoyed and a banquet be served by section No. 1. It is hoped there will be a good attendance.

Two Boys Injured

Late yesterday afternoon Louis Wagner, son of Mr. and Mrs. J. G. Wagner, and Ralph Jones, son of Expressman Joseph Jones, were riding their horses, when the horse ridden by Ralph fell throwing him in such a manner as to break his leg between the knee and the hip. The horse ridden by young Wagner fell over the one that was down and threw him. When picked up both boys were unconscious. Young Jones was taken to the Grande Ronde Hospital where Dr. C. T. Bacon set the leg and at last reports he is resting nicely. Lewis was removed to his home at 1502 Jefferson Street and at a late hour last evening regained consciousness. Besides a few small bruises and being still a little dazed by the fall, it is thought that he will recover his usual health in a few days.

THE EYE IMPORTANT

The eye is one of the most important and delicate parts of the body. "Sight is Priceless." Glasses should not be worn where no error of refraction exists, but where an error does exist they should be put on as soon as possible and worn constantly until the defect is cured. Wearing glasses once does not signify that they will always be worn. You can at any time (before the defect is cured) go back to the poorer vision if you so desire. The vision will not be poorer than it was before the glasses were worn, but will be more noticeable on account of having been accustomed to better vision. I have made a special study of the eyes and have been fitting glasses for fourteen years. Ask anyone who I have fitted for glasses as to their ability, they will give me a testimonial. I have the eye glasses to prove my ability. All work guaranteed.
