Miss Susan McTroy, Secretary.

NEW MARK  
ESTABLISHED

(Continued from page 1.)

to be used in securing manufacturing plants to be either used in the purchase of sites or when the board of managers, after careful consideration thought it best to offer as bonuses. He showed how it could be raised and property owners subscribing 5 per cent of their assessed valuation to be paid subject to assessment when needed. Mr. Miller had given his subject much thought and the seed thus sown may bring forth fruitage. Payrolls in what builds cities and this plan would put us in touch with many enterprises looking for investment in the West.  
Prof. E. G. Bailey.

"Let us get together"—Prof. E. G. Bailey of Elgin reflected the spirit of all sections of the county in working harmony, setting forth that each section had interest that when developed would make one of the grand commonwealths that provide homes and opportunities for thousands and thousands. This sentiment was echoed from every seat.  
Supt. E. E. Bragg.

"The Public Schools"—Superintendent Bragg always has something to say when he talks and last night his position on better school facilities in La Grande was clothed in no uncertain language.

He cited the fact that on Thursday during the last fair he overheard a remark while the stock review was taking place that there were 20 horses in that parade worth from \$60,000 to \$70,000. Mr. Bragg replied, "Did you notice that other parade wherein there were 2150 animals and that each and every one were worth \$1,000,000?"

He referred to the memorable parade of the school children of the county.

He then reviewed the change of sentiment in the commission appointed by the Commercial Club to investigate and report, which they did after calm consideration. He cited that he was present when the chairman, who at the beginning firmly believed that our schools were sufficient but he dictated the report regarding the startling finding by this representative board. He was present when another member dictated the clause asking for a bond issue to the extent of \$75,000, whereas, prior to this investigation, this member firmly believed that \$15,000 or at the most \$25,000 would be sufficient. If every taxpayer would make a similar investigation there would be no doubt as to the result of the vote on the 26th of this month. Mr. Bragg showed that the tax to provide for this improvement would only amount to 80 cents on the \$1000 for the next ten years. His remarks showed clearly the sentiment of the meeting.

**Judge Knowles**  
"The Lawyer"—Happily for the Judge his position made it possible for him to tell many secrets regarding the profession. How they helped good men out of trouble, bad men also. He took the humorous side of the subject and kept one and all in merriment. He left his subject on the close and branched off on the workings of the true booster and concluded with the recitation of a poem written by Strickland Gillilan, the well known author, brother of Dr. J. D. Gillilan of this city.

**"PUSH—DON'T KNOCK."**  
By Strickland W. Gillilan.  
Upon a door I saw a sign;  
I cried, "A Motto" and it's mine!  
A wiser thing I never saw—  
No Median or Persian law  
Should be more rigidly enforced  
Than this, from verbiage divorced—  
It's logic firm as ax and rock—  
"Push—Don't Knock."

"Twas simply meant to guide the hand  
Of him who wished to sit or stand  
Within the unassuming door  
This weight of sermon that bore.  
'Twas never meant to preach or teach  
But just to place in easy reach  
The ear of him who dealt in stock—  
"Push—Don't Knock."

Yet what a guide for life was that  
Strong, philosophical and pat;  
How safe a chart for you and me  
While cruising o'er life's restless sea;  
Push, always push, with goal in view;  
Don't knock—avoid the hammer

"Push—Don't Knock."  
Hon. Walter Pierce

"Good Roads"—This subject was assigned to Hon. T. W. Wright, of Union, who could not be present and as usual when the Club gets into a tight place they call upon Mr. Pierce and he never disappoints. Being one of the large taxpayers of the county his remarks on permanent roads received an appreciative audience. He expressed a desire for macadam roads from La Grande to Union, from La Grande to North Powder and to Elgin, estimating the cost as \$200,000 and showing it to be an investment. He eulogized the efforts of the County Court in their pleading for permanent roads and pleaded for all to back them up.

**Fred B. Currey**  
"Publicity and the Press"—This topic could not have been assigned to a more competent person. Mr. Currey was for many years in newspaper experience and his success as publicity manager of the La Grande Commercial Club is known to all. He is a booster of the first water and his remarks last night added enthusiasm. He is working for a greater Union county and is succeeding.

**President John Collier**  
"The New Infant"—Here was another topic that brought forth much comment prior to its delivery. Mr. Collier as president of the Commercial Club is giving public matters a great deal of his time. The "New Infant" was the Chautauqua which the Commercial Club has launched, and the Observer will publish Mr. Collier's paper in full as it contains so much general information that the public really needs along Chautauqua lines.

**W. B. Sargent**  
"Real Estate"—With twenty years of experience, Mr. Sargent cited the various stages which our land values has undergone and while many of our best lands are now reaching the \$80 to \$100 mark yet in comparison to other localities of the northwest, our lands are much too cheap. Our soil and climatic conditions are such that fruit growing is becoming a strong and attractive feature and as a result hundreds of acres are now in orchard and thousands will soon be planted. This means a solution to a certain extent of the realization of the dream of the past, a cutting up of our large farms.

**W. J. Church**  
"The Union County Exposition"—Among the many achievements and victories as a result of the activities of the Commercial Club was the successful launching of the Union County Exposition. Mr. Church took a very active part in the new plan which gave such universal satisfaction last year and his remarks not only regarded the past but the possibilities of the future were received with vigorous applause. Mr. Church along with the present board of managers are already laying plans for the fair next fall and by Mr.

Church's remarks last night certainly made it clearer to the many present that they could expect greater results.

**T. A. Rhehart**  
Mere typewriter is no phonograph; hence to paraphrase the closing address would be sacrilegious. In more than customary eloquence he dealt at some length on "Union County." "Did Elgin die when the railroad was extended beyond it? Pinch its tail and see; Did Union die because the county seat was moved? No, it still lives; Did La Grande die when it went dry? No it still lives and will continue to live along with Elgin and Union as long as time is." Such was the beautiful climax of his address and is indeed food for thought and consideration.

ROYAL CATERERS

Presbyterian Aid Society supplies elaborate menu for guests.  
Not the least among the features of the evening were the various courses of the elaborate banquet prepared and served by the Presbyterian Aid Society. Throughout, the dinner was in keeping with the exact attention to details that prevailed in all things else. The menu served was:  
Raw Oysters Satsup  
Sliced lemon and wafers  
Chicken Pie Cabbage Salad  
Potato Salad Mashed Potatoes  
Mince and Pumpkin Pie Pickles and Celery  
Bread and Butter.  
Chase and Sanborn Coffee  
Coffee for the event was donated by the local agent for Chase and Sanborn, W. G. Snodgrass.

Notice of Street Improvement

To whom it may concern:—Notice is hereby given that in pursuance of a resolution adopted by the Common Council of the City of La Grande, Oregon, on the 5th day of August, 1909, creating Improvement District No. 6, and designating Depot Street, as such district, and in

pursuance to a resolution adopted by said Common Council on the 2d day of February, 1910, whereby said Council determined and declared its intention to improve all that portion of Depot Street, in said improvement district as hereinafter described, by laying thereon hard surface pavement, the Council will, ten days after the service of this notice upon the owners of the property affected and benefited by such improvement, order that said above described improvement be made; that the boundaries of said district to be so improved are as follows: All that portion of Depot Street, from the east curb line of Fourth street to the east side of Jefferson avenue. Notice is hereby further given that the Council will levy a special assessment on all the property affected and benefited by such improvement for the purpose of paying for such improvement. That the estimated cost of such improvement is the sum of \$16,724.58. That the Council will on the 23d day of February, 1910, meet at the Council chamber at the hour of 8 o'clock p. m. to consider said estimated cost, and the levy of said assessment, and a hearing will be granted to any person feeling aggrieved by such assessment.  
La Grande, Oregon, Feb. 1910. By order of the Common Council of the City of La Grande.

D. E. COX, Recorder.

G. E. Tungsten Lamps Make Electric Light Much Cheaper

They have two and a half times the efficiency of the ordinary carbon lamp hither to in general use. The filament is made of a rare metal called Tungsten, which yields an intense brilliancy at a low cost. In shape and size the bulb is just like any other incandescent lamp. Why not a Tungsten lamp for your self? Get one of the 40-watt and use it some where in your house in place of one of your carbon lamps. Then observe the great difference. Note the clear white light exactly twice as brilliant and costing you one fifth less for electricity. General electric Tungsten lamps are destined to displace all others, for both store and house lighting.
