Many people ask what it cost to run an automobile. We reproduce herewith a letter from Mr. W. B. Bach, which shows his total expense for a run of 8500 miles. Mr. Bach has kept an acurate account of every item of expense and the figures in his letter are all taken from his books. The item for which he mentions tires are for extra inner tubes, as the tires on Mr. Bach's machine, as well as all tires on all Fords sold during the scason 1909, are the tires that were on the car at the time it left the factory:

Mr. L. C. Smith,
La Grande, Oregon,
Dear Sir
I purchased a Ford machine from you on June 12 th, 1909 , fully equipped at the cost of $\$ 1130$. Since then have run 8500 miles in all kinds of weather and over almost impassable roads at a total expense as given below:-
General repairs on engine or any part of
MAGHINE NONE

## Gas

Lubricating oil
Extra tires, spark plugs etc.
Tire repair
Total
This an average of $27-10$ cents per mile
My tires are still in good condition and stand from 3000 to 5000 miles more usage. Have never had occasion to have any part of the machine apart and has always given the best of satisfaction under the most trying conditions.

Yours Very Truly,

Did you know that placing your re-
liance up a warranty deed is simply ifditng for a lawsuit?
In Callfornis In Callfornia this fact is so wel
understood that a warraty looked upon with susplelon.
It is for this in It is for this reason:
It the title is good
the deed, and that it all there is to it-no need of a warranty If bac make it good.
A warranty is only a sort of bet wager that you will have no trouout, rll pay your money back. A better plan is to require an tract. Consult
