CHAUTAUGUA IN OTHER CITIES

sustaining and usually has a nice surplus after each course for improving and beautifying the grounds. We cannot expect to have anything so elaborate the first year; nor did they, but we do hope that in a few years the fame of La Grande's Chautauqua will have extended throughout all Eastern Oregon and that we shall obtain much pleasure and profit from it.

You are perhaps familiar with all that has already been done. We are fortunate enough to secure a large part of the talent that is to be used in the Chautauqs of Western Oregon and California this year and hope to obtain sufficient state talent to make our course a very successful one.

The various committees appointed to secure subscriptions for season tickets have received quite liberal support and have already sold something over 600 tickets. For several reasons, however, the canvass has not yet been completed, but we hope that when it is we will have secured the 1000 tickets which we feel we should have to make this project an assured success.

It has been suggested that the new city park be used as a nucleus about which to build our grounds. This beautiful spot would certainly make an ideal foreground for the Chautauqua grounds proper, and such a combination would add interest to both enterprises. We understand the ladies of the Park Association are favorable to this idea and that we can count on them for every assistance possible.

It is also proposed that we endeavor to secure the framework and canvas of the Fair Association—or as much as may be necessary—to use for an auditorium. With these advantages to start on it surely ought to be easily within the realm of possibility to have a creditable Chautauqua the first year.

The details of the project will, however, necessarily have to be worked out by the permanent organization and their committees. The plan decided upon for permanent organization is that a meeting of all the subscribers for season tickets be held and that they elect a board of managers to conduct the affairs of the association. This impresses me as an excellent idea as it gives all those who contribute to the support of the project a voice in the matter and a personal interest in its success. Three thousand dollars, the amount we expect to secure from the sale of the 1000 season tickets might seem on first thought to be sufficient to cover all expenses of the undertaking, but when we consider that probably \$2500 will have to be expended for talent and entertainment we can realize that not only strict economy must be used in handling this fund but we shall in all probability be called on to assist in various other ways.

I believe that support will be forthcoming as always before.
