**BOGUS CHECK MAN
HEADED THIS WAY**

PENDLETON SENDS OUT WARNING OF HIS COMING

Generally operates on Saturday evening—Carries many aliases

Warning comes from Pendleton to the La Grande Merchants Protective Association that a bogus check artist is operating in Eastern Oregon and in all probabilities he will make his way to La Grande. The warning is in the shape of a letter to Secretary Fred B. Currey, explains itself and follows:

"I hold a warrant for A. N. Jones, alias S. A. Bradford, alias C. A. Smith, wanted in this county on the charge of obtaining money under false pretenses: who on last Saturday night passed a bad check on one of our merchants.

Age 25 to 30 years, height 5 feet 7 or 8; weight 150 pounds; smooth shaven; dark brown hair, and is quite heavy and curls at ends; rather large eyes. Wore a dark suit of cheap material; also a dark heavy cap, showing considerable wear.

I think A. E. Jones is none other than S. A. Bradford who on June 5th last year, passed three bad checks here and later on June 12th passed a number of bad checks in Pasco. At one store he tried on a suit of clothes, size; coat 36, pants 32-31, shoes No. 7, thus indicating his size, etc. While here he talked about being a painter, and when in Pasco last summer, he told of being a printer; this I take to be a "stall" as others. Usually makes a small purchase and getting the change. Will likely use an assumed name. Has done all his work on Saturday nights. May use laundry mark F-4. I will give \$20.00 reward for the arrest and detention of this man until I reach him. Wire all information to,

T. E. TAYLOR, Sheriff.

WILL HOLD FAIR

Enterprise Commercial Club anxious to emulate La Grande

At a largely attended and very enthusiastic meeting of the commercial club and citizens generally, held in the court house, Monday night, the proposal of the fair commission that the county fair be held next fall in Enterprise was unanimously agreed to, and the club will make arrangements for the necessary expenses to hold the largest and best fair ever held in Wallowa County.

The club also elected a new set of officers, changed the by-laws in several particulars, and received over 20 new members.

The club is to be made representative of the city and vicinity by a widening out on popular lines. Every citizen is invited to become a member and help, however little, in the good work of boosting the best town in Eastern Oregon.

The new officers chosen are S. L. Burnaugh, president; L. B. Payne, vice-president; S. F. Pace, treasurer; B. B. Boyd, C. T. Hockett, Fred S. Ashley, C. S. Bradley and A. F. Poley directors. The board of directors will select to secretary. The bylaws were changed so that members will contribute an optional amount over a minimum, monthly for a year to help in the work of publicity and other work. Regular meetings of the club will be held on the second Monday night of each month.—News-Record.

BROTHER DIES

C. S. Van Duyn receives word of his brother's death near Spokane.

C. S. Van Duyn received word late last evening that his brother J. M. Van Duyn of St. Joe, a small town near Spokane, Washington, died at Spokane yesterday from the effects of an operation. Mr. Van Duyn expects to leave this evening for Portland, where it is thought the funeral services will be held.

The best sleighing of the winter prevails at present, however, the novelty has worn away to a great extent and there are not a great many sleighs in evidence today.

**G. E. Tungsten Lamps Make
Electric Light Much Cheaper**

They have two and a half times the efficiency of the ordinary carbon lamp hitherto in general use. The filament is made of a rare metal called Tungsten, which yields an intense brilliancy at a low cost. In shape and size the bulb is just like any other incandescent lamp. Why not fit a Tungsten lamp for your self? Get one of the 40-watt and use it some where in your house in place of one of your carbon lamps. Then observe the great difference. Note the clear white light exactly twice as brilliant and costing you one fifth less for electricity. General electric Tungsten lamps are destined to displace all others, for both store and house lighting.
