ECCLES IN THE CITY.

Ogden sugar king spending day here inspecting holdings

David Eccles, the Ogden sugar king, railroad builder and irrigation project promoter and in many other ways financially interested in a very extensive basis in Eastern Oregon,

arrived in La Grande today from Portland where he and Mrs. Eccles have spent a few days. Both are guests with Mr. and Mrs. George Stoddard during the day. At noon, Mr. Eccles went to Perry to inspect the lumber plant there, returning again to La Grande soon afterwards, and has held business conferences with heads of departments in the sugar factory here, which is under the direction of Mr. Eccles as president of the Amalgamated Sugar Company.

Mr. Eccles is the man who paved the way for the new era in Union county, when at a meeting of the Commercial Club some two years ago he promised financial backing to the extent of several hundred thousand dollars for a project that might be commenced and promulgated in Union county.

Miss Dwyer is starring in "The House of a Thousand Candles" that Comes to the Steawrd Feb. 26.

THEEYE IMPORTANT

The eyes is one of the most important and delicate part of the body. "Sight is Priceless". Glasses should not be worn where no error of refraction exists, but where an error does exist they should be put on as soon as possible and worn constantly until the defect is cured. Wearing glasses once does not signify that they will always be worn. You can at any time (before the defect is cured) go back to the poorer vision if you so desire. The vision will not be poorer than it was before the glasses were worn, but will be more noticeable on account of having been accustomed to better vision. I have made a special study of the eyes and have been fitting glasses for fourteen years. Ask anyone that I have fitted for glasses as to my ability, then give me a trial. I am convinced. All work guaranteed.
