PROPOSE CLEANUP DAY

(Contributed)

Spring always finds a town with more or less refuse accumulated on the streets and alleys and in the yards. This refuse matter is always an eyesore to the general public and especially to visitors, on whom we are continually trying to make a good impression of our little city with the idea of getting new people sufficiently interested to make this their home.

It is suggested by some one who has seen the great benefit derived, that a certain day in the near future be designated as cleanup day all over the city. On this day every one gets busy in and around his own yard or business place, cleaning up the yard, straightening up the wood pile, repairing the walks, placing the refuse in barrels or boxes which are placed at the rear of the residences or business houses where they can easily be reached by wagons, furnished by the city council. These wagons then remove the rubbish collected to some dump, with no expense to the individual other than a little time and possibly a few blisters.

It is surprising what an improvement a day of this kind will make in a city, not only in looks but in a sanitary way as well.

Let some organization of men or ladies take this matter up at once set a day and with the aid of our daily papers, keep it before the public. It is a matter that should be heartily endorsed by the Board of Health and the Commercial Club.

Mikado Rehearsal

A special rehearsal for the participants in the forthcoming performance for the Elks benefit was very well attended last evening and was highly satisfactory in every respect. There will be a rehearsal this evening at 8 o'clock for the men's chorus and Miss Kelly most earnestly requests that all possible be present as the stage positions are now being assigned.
