**KEATON RECOVERING**

**WORD COMES FROM SALT LAKE TO THAT EFFECT**

Injuries severe but he is resting easily say messages from there.

Word reached this city this morning from Miss Emma Clark, who went to Salt Lake a day or two ago to be with her brother-in-law, Arthur Keaton who was injured in a wreck here a few days ago, that Mr. Keaton is resting quite well in a local Salt Lake hospital and would have to remain there for two or three months.

In the accident Mr. Keaton was crushed between two cars and sustained injuries in the chest, a broken arm and one of his hands badly crushed. Mrs. Keaton and her little son and daughter are at the home of her parents, Mr. and Mrs. Perry Clark of South La Grande. Mrs. Keaton's health would not permit her taking the trip to Salt Lake at present.

**G. E. Tungsten Lamps Make Electric Light Much Cheaper**  
They have two and a half times the efficiency of the ordinary carbon lamp hither to in general use. The filament is made of a rare metal called Tungsten, which yields an intense brilliancy at a low cost. In shape and size the bulb is just like any other incandescent lamp. Why not use a Tungsten lamp for your self? Get one of the 40-watt and use it some where in your house in place of one of your carbon lamps. Then observe the great difference. Note the clear white light exactly twice as brilliant and costing you one fifth less for electricity. General electric Tungsten lamps are destined to displace all others, for both store and house lighting.
