"The Mitchell" cars are not built merely to run. The least, not the most an automobile can do is to run. We expect more than this, as do Mitchell owners. Mitchell cars must run with minimum attention, minimum fuel, tire and repair cost and a maximum of running.

Mitchell cars are rendering service the world over—from pounding over stage lines across the Nevada deserts and the California mountains to spinning along the boulevards of a thousand cities. Come and see us and let us demonstrate its good qualities to you.

#### RAILROAD NEWS.

Master Mechanic Ladd is in the city today attending to railroad affairs at the division foreman's office.

Division Foreman Watson has been out of his office for nine days, suffering from a severe attack of lumbago.

Snowplows are held in readiness for any emergency in the way of a snowslide and if the morning snow storm today keeps consistently at it, there will be need of at least one of the rotaries to clear the tracks on the main line.

The "on time" slogan prevailing yesterday in passenger train circles is no longer appropriate. Number seven was over two hours late today, though it was on time for a change yesterday.

#### Great Rally Day

Whiston will speak tonight on "The Last Payment" and Longman will sing at the Christian revivals.

Sunday will be a great rally in the church, Sunday School and Endeavor. The Evangelist will speak at all of these rallies. At 9:45, he will speak to the Sunday School on "The Voyage of Life", at 11 to the church on "Vision and Service" and at 7:30 on "Knocking the Props." Longman will sing at all services and address the Y. P. S. C. E. at 6:15. Attend these meetings tomorrow and help make these rallies tell. The Evangelist requests that every member be present at the morning rally, and as many more. The Christian revival will close on Tuesday night, March 3rd. These last meetings will be the best and worth attending.

#### Invoke Corrupt Practice Law.

A complaint has been filed in the circuit court for Baker county under the corrupt practice law by J. W. Insenhofer against W. J. Woods, alleging that Woods was illegally elected recorder of the town of Huntington on the eighth of February. Among the charges are the following:

First—There were illegal votes polled. He named the men whom he alleges voted illegally.

Second—That Woods and his friends gave cigars and drinks to voters on election day contrary to the state laws.

Third. That the election was biased and refused to allow challenging of votes that were polled by Woods.

Fourth. That election board would not allow certain persons to vote who had a legal right to do so.

Fifth That Woods personally solicited votes on election day contrary to the law.—Baker Democrat.

#### IMPORTING EGGS

American hen cannot supply the home demand

New York, Feb. 26.—For the first time in many years, the fruit of the hen is being imported into the United States from Europe. Although shipped in by an English concern, the eggs are the products of Austria, German and French hens. The imported eggs are selling at a price several cents lower than domestic cold storage eggs, and are sold by eggologists to be superior to the homegrown article which has been refrigerated since last summer.

#### Buying a Lawsuit

Did you know that placing your reliance up a warranty deed is simply bidding for a lawsuit?

In California this fact is so well understood that a warranty deed is looked upon with suspicion.

It is for this reason:

If the title is good it passes with the deed, and that it all there is to it—no need of a warranty. If bad, the adding of a warranty does not make it good.

A warranty is only a sort of bet—a wager that you will have no trouble; but if you do, and finally lose out, I'll pay your money back.

A better plan is to require an abstract. Consult
