**TO BANQUET  
JOHNSON**

ACTIVE PREPARATION FOR THE  
VIVALS HERE

Choir of about two hundred voices being drilled by chorister.

This will be an active week among religious workers of the city. Preparatory to the five weeks special service under the direction of Evangelist Johnson, Mr. Gray, the choir arrived several days ago and yesterday afternoon over 100 singers of the various congregations met in Baptist church for rehearsal of songs from the new song book. They sang during the services. Most of these songs are the ones used effectively by Billy Sunday in his meetings.

The huge tabernacle is practically completed. A few days more will be required to place and arrange the seating. Everything will be in readiness in ample time for the opening of the meeting on March 6th.

**Big Banquet for Men.**  
On Friday evening of this week there will be a reception tendered to Evangelist Johnson by the business

CHAS. H. GRAY.

Musical Director of the Evangelistic Tabernacle meetings.

men and brotherhoods of the churches. This will take place at the new tabernacle. The first thing on the program will be a banquet served at 7 o'clock. Following this will be a program of speech and song. It is expected that there will be covers for 200 or 300.

On Tuesday of this week cottage prayer meetings will be held throughout the city and by the active cooperation of the workers everything indicates a most successful meeting.

Evangelist Johnson is reported to be especially active along temperance lines and not a few are of the opinion that when the meetings have closed here there will be a change of conditions in the city, along this line as well as others.

**Gray an Excellent Chorister.**

Last night union services were held in the Baptist church. Dr. H. E. McLeod of the M. E. church preaching, the singing being led by Mr. Gray, who has already captured the people. He not only has a sweet, strong voice, but he has that happy faculty of mastering the congregation at once and bringing out the best there is in them. The music will be conducted by a large chorus, 200 voices, and will be a great attraction of itself.

Place Your Orders Now.

For Buff Orpington eggs. Call and see my first pen. Write me or phone. Both phones. Logan & Anderson, Cove, Ore. 2-28-3-5.

They have two and a half times the efficiency of the ordinary carbon lamp hitherto in general use. The filament is made of a rare metal called Tungsten, which yields an intense brilliancy at a low cost. In shape and size the bulb is just like any other incandescent lamp. Why not buy a Tungsten lamp for your self? Get one of the 40-watt and use it some where in your house in place of one of your carbon lamps. Then observe the great difference. Note the clear white light exactly twice as brilliant and costing you one fifth less for electricity. General electric Tungsten lamps are destined to displace all others, for both store and house lighting.
