"The Mitchell" cars are not built merely to run. The least, not the most an automobile can do is to run. We expect more than this, as do Mitchell owners. Mitchell cars must run with minimum attention, minimum fuel, tire and repair cost and a minimum of nursing.

Mitchell cars are rendering service the world over—from pounding over stage lines across the Nevada deserts and the California mountains to spinning along the boulevards of a thousand cities. Come and see us and let us demonstrate its good qualities to you.

UMATILLA COUNTY MEET

The Umatilla county athletic association is now a full fledged organization, the constitution and by-laws having been formally adopted at a meeting held for that purpose in the office of the high school this morning. The meeting was attended by the heads of several of the schools of the county and in addition to making the organization permanent, the date and place for the field meet, and oratorical contests were also fixed and the plans for the event were made, says the Pendleton E. O.

May 14 was named as the time and the town of Athena as the place for both the meet and the oratorical contests. Both will be open, to all the schools of the county, including the Pendleton Academy and the Columbia Junior College of Milton.

All the usual track and field events will be on the program for the field meet while the oratorical contest will include declamations as well as orations. This department will also be divided into three sections. The first will be for the high schools and those of academic grade, the second will include the seventh and the eighth grades while the third section will be for below the seventh grade. Two medals will be awarded in each section; a gold medal for first place and a silver medal for second place.

MILL LOSER BY DELAYS

Already eight idle days and indications say still more

Among the direct losers from the land slide below Elgin is the Palmer Lumber company in this city, which today is on its eighth day of inactivity on account of the slide preventing the daily supply of logs coming from Palmer Junction.

Like the railroad company, the officials have no idea as to when they may expect logs. It is believed, however, that there will be no wheels turning at the mill for a week yet. Practically all hands are idle by the shutdown.

Wright Mercantile Co. Store Sold
Jos. Wright has sold his interest in the hardware store, controlled by the Wright Mercantile Co. to C. W. and R. M. Wright, who are well take charge of the business on and from this date.

Jos Wright is the pioneer merchant of this city and has been in active business since 1877, until his retirement a few days since. In 1877 Mr. Wright became a member of the firm of Geo. Wright & Sons, continuing at that work until 1884 when he embarked in the hardware business in his own name. Later he became a member of the firm of Wright & Davis in the milling business. After the dissolution of this firm Mr. Wright established the Wright Mercantile Co. in which business he continued over 20 years.

table pit. One pair of trucks struck the cement floor of the pit and stopped, the other set of trucks remaining on the track.

The damage was not extensive but it required the crane to rerail the car. It had been bumped down the side track by the switch engine with the intention of having the car stop at the slab pile, but it went over.

Buying a Lawsuit
Did you know that placing your reliance up a warranty deed is simply bidding for a lawsuit?

In California this fact is so well understood that a warranty deed is looked upon with suspicion.

It is for this reason:
If the title is good it passes with the deed, and that it all there is to it—no need of a warranty. If bad, the adding of a warranty does not make it good.

A warranty is only a sort of bet—a wager that you will have no trouble; but if you do, and finally lose out, I'll pay your money back.

A better plan is to require an abstract. Consult
