UNION PAPER RELATES NEWS

The Union Republican relates this as the latest railroad news story.

It may interest the people of Union and vicinity to know that the proposition to construct a railroad from Walla Walla to Union appears yet to be under consideration and that Northern Pacific engineers are in Walla Walla, with the object in view of locating the line through the Wenaha Forest Reserve. Touching upon this matter the Spokesman-Review of the 5th, contains the following from Walla Walla, under date of March 4th.

That a railroad is being planned from Union to Walla Walla through the Wenaha forest reserve, which will reduce the distance covered by the O. R. & N. by many miles, was confirmed today by the arrival of Northern Pacific engineers, who said they came to assist Engineer F. C. Goodrich, who is now in the mountains. Goodrich represents a construction company from Boston, and came here with C. E. Alexander, engineer of the Central Railroad of Oregon, a 14-mile line leading from Union, Oregon to Cove, Oregon. It is this road which will build to Walla Walla. It has made arrangements to enter the city over the branch track of the Northern Pacific.

E. A. Howland, of Ortonville, Minn., is at the head of the engineers, and their presence indicates that the N. P. is behind the move. Goodrich is still in the mountains with a forest ranger as a guide, and is not expected out for more than a week yet.

The new road, which the Central Railroad of Oregon has had surveyed for some time, will be given a short cut through Walla Walla to Spokane for through traffic from the East via Cheyenne or Ogden.

LOST—A black jet back comb. Finder will please leave at this office.

For Chief of Police

I hereby announce myself a candidate for the office of Chief of Police for the City of La Grande, at the coming election to be held on March 14, 1910.

Buying a Lawsuit

Did you know that placing your reliance up a warranty deed is simply bidding for a lawsuit?

In California this fact is so well understood that a warranty deed is looked upon with suspicion.

It is for this reason: If the title is good it passes with the deed, and that it all there is to it—no need of a warranty. If the title is defective a warranty does not make it good.

A warranty is only a sort of bet—a wager that you will have no trouble; but if you do, and finally lose out, I'll pay your money back.

A better plan is to require an abstract. Consult
