UNIQUE PLAN OF SUICIDE

WOMAN THROWS HERSELF IN WAY OF TAFT'S AUTO.

POLICEMAN SAVES HER FROM DEATH OR INJURY

President Taft reaches Chicago this morning and his day here is filled with speeches—Irishmen especially are active in entertaining him—He leaves again for New York for more speeches.

Chicago, March 17.—An aged woman tried to throw herself under the wheels of President Taft's automobile here today but was rescued by a policeman. The fact that the machine was moving slowly prevented a tragedy. The woman's name was unknown.

Taft arrived at eight this morning and was welcomed by the Irish Fellowship Club and seventh Regiment of the National Guard. Taft was escorted to the La Salle hotel where he breakfasted. He lunched at the Fellowship Club.

Chicago, March 17.—President Taft today gave a practical illustration of what is meant by killing two birds with one stone. As the guest of the Irish Fellowship Club of Chicago, he has made himself solid with Chicago Sons of Erin, and there is no doubt that his broad and illuminating smile won many a vote today. This afternoon he will attempt to win over the conservation elements of the Central West by an address he is to deliver before the Conservation Congress today at the Auditorium.

The President got into Chicago early this morning and will leave at 10

o'clock tonight. During his brief stay he will give Chicago more speeches to the square minute that he has done since the campaign days. His first effort was at a reception tendered him by the Newspaper Club of Chicago. After luncheon, he is due at 3 o'clock at the Auditorium, where his speech on conservation of the nation's resources will be delivered. An hour later the Hamilton Club has billed him for a reception and at 6 sharp he will wander over to the La Salle Street Hotel, where the Irish will give him a hearty greeting, standing on Irish soil.

The chief executive will stand on Irish soil when he addresses the banqueters tonight, a piece of the "ould sod" having been procured for the occasion. In order that Mr. Taft may leave at 10, the banquet will be run on a close schedule. One number of the menu is game killed by Mr. Roosevelt had shipped from Africa for the occasion. Women guests will not be allowed to wear their hats at the dinner.

I can imagine how a woman feels who has bought a \$150 hat to wear on such an occasion, said the chairman of the committee. "It was hard for us to bring ourselves to issue the edict. But it had to be done. There is a limited amount of space in any hall. We figured it up mathematically that one woman's hat takes up the space of two and one-fourth persons. There would not be room for the waiters to get around."

S-S-III This is Telling
New York, March 17.—Anna Held, the actress with the naughty, naughty eyes, which she just can't make behave, will have a birthday tomorrow according to the gossip of the New York theatrical circles. Nobody would be so ungallant as to tell a lady's age, especially when she had passed the thirty mark but they do say that Anna was born on March 18, 1877, which would make her—but figure it out for yourselves.

Danish Explorer Dead
Copenhagen, March 17.—Commodore Hovgard, a Danish explorer is dead here. Hovgard was one of the first Danish explorers to credit Cook with the discovery of the North Pole.

SECRET MEETING BETWEEN THE LEADERS TODAY

PREDICTED FIREMEN WILL WIN ALL THEY ASK FOR

Notwithstanding that firemen are desperate and will act on a moment's notice it is apparent in Chicago today that arbitration will end the trouble amicably—Knapp and Neil are there.

Chicago, March 17.—Chairman of the Interstate Commerce Commission Knapp and Commissioner Neil, arrived today to attempt to settle the threatened firemen's strike. It was announced that all sessions will be secret.

President Carter of the Brotherhood, reiterated his previous statement today that matters under discussion between the firemen and the railroads will have to be arbitrated quickly or the men will go out.

As far as can be learned here today, the secret meetings will be held tonight. The general opinion is that the firemen mean business and will take drastic action unless demands are conceded but on the other hand, the presence here of government envoys has lent the belief that arbitration will result in peace. Those closest to the situation say the firemen are going to win practically all they want through arbitration.

ANOTHER DAY OF SUCCESS

NOON-HOOR LUNCHEON FOR MEN IS POPULAR

CO-OPERATION BY ALL OF THE CHURCHES VERY ESSENTIAL

Johnson preaches last night on the necessity of everyone working for success in the enterprise—Carnal Christian is man who is dominated by a fleshy nature—Meetings draw large crowds.

The tabernacle meetings of yesterday and last night were good. The cottage prayer meetings were well attended. Deep spiritual power pervaded all. The noon hour with the men was profitable and well attended. Prof. Gray gave a charming message to men. The afternoon in the tabernacle was given to prayer. The workers' class was large.

At 7:30 Mr. Johnson spoke on "Carnal and Spiritual Christians." from I Cor. 3: 3-7. "For ye are yet carnal, for whereas there is among you envying, and strife and divisions, are ye not carnal, and walk as men? For while one sayeth I am of Paul; another I am of Apollus; are ye not carnal? Who then is Paul and who is Apollus, but ministers by whom ye have believed, even as the Lord gave to every man? I have planted Apollus watereth, but God that giveth the increase. So then neither he that planteth anything, neither he that creaseth."

Sanctification is abundantly taught in the word. It is wrought in us by the Holy Spirit and by Christ living out His life in us. We must surrender the throne of our being to Him and let Him rule there as Lord of all. If we do not crown Him Lord of all, we do not crown Him Lord at all.

We Must Cooperate
We boast that we are Presbyterian, Methodist or Baptist. Let us boast rather that we are spirit-filled children of God. We are babes in Christ, having fed only on milk. We need the meat of the word. There are many babes in our churches who wear whiskers. Many churches are like dead mothers to whom babes come to find milk to find none and consequently die of need.

We live on, in Romans seventh chapter, and never come to liberty in Christ, as revealed in the eighth. Christianity is Christ living out His life moment by moment in us. If any man be in Christ he is a new creature. Old things are put away, all things become new.

Though Gabriel were to come to La Grande we could not have a revival without hearty cooperation. Walk in the spirit and ye shall not be filled with the lusts of the flesh.

The carnal Christian is one dominated by the carnal or fleshy nature. The flesh lusteth against the spirit and the spirit against the flesh. The works of the flesh are adultery, fornication, uncleanness, idolatry, withcraft, hatred, variance, emulation, wrath, strife, seditions, heresies, envyings, murders, drunkenness, reveling and such like.

We are to rise to the heights by keeping a lowly mind and a humble spirit. The carnal may become spiritual by dedicating his life to God and a persistent effort to live in the spirit. The insidious enemy must be watched. An eagle whose flight delighteth the admiring observer fell to earth. On examination it was found that a tiny deadly reptile was entwined around its wing and burying deadly fangs in the eagle's flesh. So the exalted may fall.

It is expected that Mr. Johnson will speak this evening at 7:30 on "The Return of Jesus to the Earth." The evening message is vital. Come!

FATHER FORGIVES SON
Philander Knox will forgive love-sick son is whispered rumor.

Washington, March 17.—It is whispered that Secretary Knox is preparing to issue a private proclamation of peace and forgive his son for his recent elopement with a sales girl. It is understood that Knox is much pleased that his son started to work the moment he was thrown upon his own resources and it is stated that he and his bride are likely soon to receive parental blessing.

Irish Denounce Caricatures.
Washington, March 17.—In connection with the St. Patrick's Day celebration of the Irishmen of the national capital, a decide protest was launched against what are described as insulting caricatures of the Sons of Erin, contained on post cards imported from Germany. Further steps will be taken to put an end to what is denounced as a unwarranted libel upon the nationality and a outrage. Action has already been taken at Washington, but further steps will be taken at a later period to enforce these protests.

All sections of Irishmen are very firmly of the opinion that this is a matter that must be pressed in the proper quarters, and pressure will be brought to bear upon the representatives of the people to have this evil effectually stamped out, once and for all. The Irish are the only nationality that seems to be singled out for these offensive productions.

Race Horses Poisoned
Emeryville, Calif., March 17.—Detectives are today seeking to ascertain the identity of persons who drugged several horses at the race track stable here. Three valuable animals are expected to die and the Jockey Club officials are alarmed at the possibility of a general covert attack upon the racers. All three horses were poisoned the night before they were entered for races.

FORGETS HIS OWN IDENTITY

STRANGE CASE OF LOST MEMORY DISCOVERED.

SAN FRANCISCO UPHOLSTERER SUFFERED PECULIAR MANIA

Wandered about or six weeks without knowing own name or remembering that he had a family—When memory suddenly returned he finds his wife had gone away, thinking assumes a creditor.

San Francisco, March 17.—Robbed suddenly of his memory and failing to remember even his own identity. Lowren Anderson, an upholsterer, wandered the streets for six weeks before he recovered from the attack. Today he is seeking his wife and child who have disappeared from home, apparently believing the husband and father had deserted them.

One morning about six weeks ago Anderson left home to seek for work. He had gone but a short distance when he suddenly forgot his name, his wife and child and home. From then on until today he wandered the streets seeking in vain to answer the enigma that was puzzling him.

Today he happened to see a chair he had once upholstered. It brought back his memory and he hurried to his home. There he learned that his wife had gone away. Anderson reported the loss to the police and an effort is being made to find Mrs. Anderson and the child. The man's trouble is attributed to an injury to the head received some years ago.
