NOT IN A BODY

Justices of Supreme Court will not accompany the body home

Washington, March 30.—Justices of the supreme court today decided not to accompany the body of Justice Brewer to his old home in Leavenworth, Kansas. The members at first planned to make the trip but decided it would take too long an absence from the bench. Brief funeral services will be held in the Brewer residence here Thursday afternoon. The funeral train will arrive at Leavenworth Saturday.

HIS POWER TESTED

A GIFTED HEALER

Edw. Olney was visited by a citizen of our city who after investigating the healer's claims pronounces him a remarkable man.

When interviewed the gentleman said: "In the person of Mr. Olney I found a man of profound significance. He has a gift, call it what you will, that is beyond my comprehension, for power he does possess. I was never very interested in this sort of thing, but having a roaring in my ears, I decided to see what he could do. He cured me all right, and while there a gentlemen whom I knew positively to be crippled with rheumatism for two years was healed, and was able to put on his coat without aid. I was dumfounded and do not hesitate to say that he is beyond me. I did not mention my experience to my relatives and friends for fear they would discredit my sanity, or consider me too credulous. However, I would advise every one sick and suffering to see Mr. Olney and he healed. He is always glad to meet you and invites everybody to call on him and get a free booklet and explanation of his work.

Sunlight After Dark

Truly describes the brilliancy of this new Tungsten lamp for electric light. With the same amount of electric current its wire filament radiates from two to three times as much light as the ordinary carbon incandescent.

Use Tungsten Lamps in Your Home

They will cut your light bill in two or double your illumination without extra cost. Try a G. E. 40-watt lamp at first. It consumes one-fifth less electric current and is twice as brilliant as the 16 candle power carbon lamp you now use.
