The Belle of Japan Coming.

The attraction announced for the Steward Opera House one night only, Monday, April 11, will be Wm. Wanaker's most pronounced success "The Belle of Japan," which has met with pleasing success everywhere on account of its originality and great pleasing powers. This novel comedy introduces many new types of characters never before presented on the American stage. The story deals with present day life in Japan and is consistently told. The comedy is at all times bright and the interest never for a moment lags, but on the contrary increases to the fall of the final curtain. Throughout the performance unique musical and dancing numbers are introduced. The scenery and costumes are most beautiful and alone are worth going to witness. Miss Meta Everitt will be seen in the leading role of "Tiki" the Belle of Japan, supported by an excellent cast of metropolitan players. This production promises to be a creditable one and one of the best of the season.
