

"ALASKAN" ON SATURDAY

MUSICAL COMEDY COMES HERE
WELL RECOMMENDED.

New attire on standard musical comedy at Steward Saturday

"The Alaskan," a musical comedy in a new dress, thanks to Richard F. Carroll and Gus Weinburg, who, by the way, have prominent parts, will be the strong attraction at the Steward next Saturday night.

The book has been slightly altered, to better fit; the dialogue brightened up; and dancing numbers all gone over and several new ones introduced; many catchy, luring, whistle-able songs interpolated, while all the original hits have been retained. The costuming, re-arranging and general complete renovation will be noticed. Chicago was captured unanimously by the new "Alaskan," where it ran for five months, and this city may be considered very lucky to have a peek at what Chicago claims is "the bulledest musical comedy" seen there in years.

Mr. Cotner Much Better.

H. C. Cotner writes from Portland to relatives here that he will be able to read fine print before his doctor gets through with him, following operations for cataract of the eye. His friends here will be glad to hear of his complete recovery.

Christian Church ladies will cater to public Saturday afternoon

The members of the choir of the Central Church of Christ will serve luncheon at Selder's confectionery next Saturday between the hours of 11:30 and 1 p. m. This gives the business men and women and those who come in from the farms an opportunity to get their noon day lunch conveniently. The price of the lunch will be 25 cents.

The time to plant a new orchard or add to your present one is now—this spring. Remember this—an orchard planted this spring will be a year nearer bearing and a year nearer profit than an orchard planted next spring. Why not gain that year and that profit? The year thus saved may be the year when you would harvest your first big money-earning crop—the year when fruit prices scored and turned your orchard into a veritable gold mine.

Planting season is not governed by date, season or climatic conditions but by the condition of the stock to be planted. So long as the stock is dormant, it will plant successfully weeks after your spring has opened.

These Idaho trees above listed are dormant—they will plant successfully and make you a model orchard and pay you profits. Every tree is a true Stark Tree—the only standard of tree you can afford to plant. You must order immediately. Send your order and remittance either to.
