Closing out all Foreign China at below cost

**Strawberries Appear.**  
Strawberries—California products to be sure—were in the local market this morning, for a few hours. The City Grocery and Bakery had them on hand for just a little while, but they disappeared so suddenly that the story is short. They sold like hot cakes at 30 cent a box.

**Another Ranch Sold.**  
The C. D. Conley ranch on Ramo Flat was sold Monday to W. E. Wigglesworth, for a consideration that would indicate a general increase in land values. The place was formerly owned by Geo. Hudson and was considered one of the best grain ranches in the county. Mr. Wigglesworth expects to put the farm in a high state of cultivation before offering it for sale again. This is still another indication that all of the cheap land is being bought up and will soon be held at its proper value.—Union Scout.

**New Battleship Appliance**  
Washington, April 16.—Trials will be made next week by the battleship Indiana off the Delaware coast of a new device which is said to be able to stop a 10,000 battleship going at full speed within her own length. The inventor is a Canadian. He has an arrangement like barn doors on the sides of a ship which he guarantees to fulfil the claims made by it.
