Medicines that aid nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition.

If your teeth need attention or if your mouth is not in a normal condition it will be to your interest in more ways than one to see Dr. Stevenson. They say that Dr. Stevenson reduced the price of extracting in La Grande from \$1.00, which it has always cost you, to fifty cents. He gets a fair fee for his other work but it is less than you formerly have paid. The busy office can afford to give its patrons the benefit.

A voluminous amount of data is being gathered in Union county by the department of census at Washington. The line of questions sent out for answers pertain entirely to the business of every concern in the county and must be answered. The government promises explicit secrecy. Two large blanks are being sent out to be filled in by the managers and owners of various establishments. This data is an essential adjunct to the census department and should be answered with accuracy and dispatch.
