

# ANOTHER TIME TABLE

**San Schario May Bring New Trains and Many Promotions.**

When the new O. R. & N. timetable goes into effect on May 1st, several important changes will be made in the number of trains run over the O. R. & N., and consequently a general shakeup in runs now held by the oldest train crews will take place.

Re-establishment of trains Nos. one and two on the Portland-Salt Lake local and the establishment of a new train is another promotion. The latter change is in keeping with the avowed intentions of the American Express people to run a straight express from Chicago to Ogden and there branch out in two directions, to Trisco and to Portland. No definite announcement of the coming schedule has been received.

### Trouble in Aberdeen Council.

Aberdeen, Wash., April 21.—City Attorney A. M. Wade was removed from office by vote of the city council late last night. This action resulted from a controversy between Wade and the police department during which the city attorney caustically criticized the methods of the police. Several days ago a man was arrested for theft and held without bail. Before the case was called in court, however, the prisoner was released by an officer in charge of the police station who declared he had been ordered to do so over the phone by a person he supposed to be Wade. Wade denied issuing the order and made uncomplimentary remarks regarding the police. The mayor then took a hand and the removal of Wade followed.

### Sequel to \$10,000 Swindle

New York, April 21.—John Brown, known to the police under the alias of Joe Eaton, and with a record behind him of several arrests, two of them for swindling, was brought to trial here today in connection with the swindle perpetrated against Henry Wagney, the billiard table manufacturer, who declares that Brown, with seven others, recently got away with \$10,000 from him in a bad way in Florida. Brown is an old man, of distinguished appearance, and despite his police record, and was represented at the hearing by eminent counsel. Wagney says the men did not get the money from him by any coal land scheme or bogus horse race as reported, but duped him with a glass of ice water on the veranda of a St. Augustine hotel, during discussion of the weather.

### Noted Murder Trial Starts.

Cairo, April 21.—The trial of Ibrahim Wardani, charged with the assassination of Premier Boutros Pasha, began today. International interest is attached to the affair because of the prominence given it in Roosevelt's speeches here when he denounced the assassination and roused the anger of the Egyptian Nationalists. Soldiers are held in readiness at the barracks to put down any demonstration that may result from the trial.

### Enormous Storm Loss.

Birmingham, Ala., April 21.—It is believed today that 10 miners who tumbled in the mines east of the Birmingham Railway and Coal Company are dead. Rescuers worked all night attempting to remove the twisted iron cage which blocks the shaft, and report gases in every corner of the mine. The explosion occurred late yesterday.

Fifteen of the men are white, the balance are negroes.

### Enormous Storm Loss.

Cincinnati, April 21.—Damage aggregating five millions of dollars has been done by the cold wave, which swept over Ohio and West Pennsylvania and Southern Indiana during the last five days. Berries and other small fruit crops are practically destroyed. Many truck gardeners and small farmers have been ruined.

In northern Kentucky the snow is still standing on the ground which a week ago was covered with growing things.
