Buying a Warranty

Did you know that placing your reliance up a warranty deed is simply bidding for a lawsuit?

California this fact is so well understood that a warranty deed is looked upon with suspicion.

It is for this reason:

If the title is good it passes with the deed, and that if all there is to it—no need of a warranty. If had the adding of a warranty does not make it good.

A warranty is only a sort of bet—a wager that you will have no trouble; but if you do, and finally find out, I'll pay your money back.

A better plan is to require an abstract. Consult
