ELECTRICITY FOR EVERY HOME IN LA GRANDE

The cost for wiring, lamps and current is exceedingly small compared with the convenience, comfort and safety obtained by its use.

Your home can be wired complete at an average cost of only \$2.00 per room. Lamps, fixtures, flatirons, cooking utensils and numerous other electrical appliances may be obtained at surprisingly low cost.

Ask your neighbor why he uses electric light; he certainly has some reason for doing so, and then call at our office or our representative call at your house and explain to you why you should have your home wired and use electricity.

Nation First Vanquishing Disease Will Dominate Others.

By VICTOR C. VAUGHAN, Dean of Department of Medicine and Surgery, University of Michigan.

CIVILIZED PEOPLE HAVE COME TO A REALIZATION OF THE FACT THAT DISEASE CONSTITUTES THE GREATEST BAR TO HUMAN PROGRESS, AND THAT NATION WHICH FIRST FREES ITSELF FROM THE BONDAGE OF DISEASE WILL DOMINATE ALL OTHERS. IN THAT LAND THE SUPERMAN WILL FIRST BE BORN.

Two conditions are essential before any nation can free itself from disease. In the first place, it must POSSESS AN EDUCATED, SCIENTIFIC MEDICAL PROFESSION. In the second place, the nation as a whole must be GUIDED BY THE ADVICE OF ITS BEST MEDICAL MEN.

With either of these conditions wanting no people will be able to advance. Are we, the people of the United States, held in the bondage of disease? One out of every seven of us dies of tuberculosis. Fifty thousand of us perish annually of typhoid fever and ten times this number lie stricken for weeks each year with this disease, but ultimately recover. Pneumonia disputes with tuberculosis the right to be called the captain of death. Some fifty thousand of us die annually of cancer and other malignant growths. More than 25 per cent of our children die before they reach five years of age.

In short, MORE THAN 80 PER CENT OF US DIE FROM CAUSES THAT ARE PREVENTABLE and which the enlightened nation of the future will prevent.

America's Highest Thoughts Are Toward International Peace.

By Rabbi STEPHEN S. WISE of New York.

IT is the hope of an increasing group of Americans that the time will soon come when the TWO GREAT ENGLISH SPEAKING COUNTRIES WILL LABOR UNITEDLY IN ORDER TO BRING ABOUT A LIMITATION OF ARMAMENTS.

The United States is peculiarly qualified to lead, for the reason that it has no open questions with European powers. Moreover, it is unthinkable that the American people would enter upon a WAR WITH JAPAN. Happily we have but a few newspapers in America which seek to FOMENT THE WAR SPIRIT. The Nobel peace prize might fittingly be awarded to the editors of some of the great American newspapers who have been strong and outspoken against the possibility of war between the United States and Japan.

THE HIGHEST THOUGHTS AND FINEST CONSCIENCES IN AMERICA ARE ON THE SIDE OF INTERNATIONAL GOOD WILL
