

ELECTRICITY

FOR EVERY HOME

IN LA GRANDE

The cost for wiring, lamps and current is exceedingly small compared with the convenience, comfort and safety obtained by its use.

Your home can be wired complete at an average cost of only \$2.00 per room. Lamps, fixtures, flatirons, cooking utensils and numerous other electrical appliances may be obtained at surprisingly low cost.

Ask your neighbor why he uses electric light; he certainly has some reason for doing so, and then call at our office or our representative call at your house and explain to you why you should have your home wired and use electricity.

The movement was begun a few weeks ago by Charles Burnham, general manager of the fair, through a desire to mark the day when for the first time a president should officiate at a theatrical function. "President Taft has given the theater in America a distinction that it had never attained," said Mr. Burnham, "and we intend to make the occasion a notable one." The exercises will be opened in every city either by the mayor or his representative. Short speeches will be delivered by the leading actor or actress in the place and by some prominent citizen on the development of the native American drama and will serve to emphasize the dignity and prominence that the theater in America now has.
