

ELECTRICITY

FOR EVERY HOME

IN LA GRANDE

The cost for wiring, lamps and current is exceedingly small compared with the convenience, comfort and safety obtained by its use.

Your home can be wired complete at an average cost of only \$2.00 per room. Lamps, fixtures, flatirons, cooking utensils and numerous other electrical appliances may be obtained at surprisingly low cost.

Ask your neighbor why he uses electric light; he certainly has some reason for doing so, and then call at our office or our representative call at your house and explain to you why you should have your home wired and use electricity.

If You Want a Maxwell this Year

You will have to hurry

It takes 40 freight cars every day to move the output of the Maxwell-Briscoe at the factory at the present time and before the end of the month that number will be increased to 50, a daily average product of 118 cars. President Briscoe promises 140 cars per day before July.

Duck by Duck.
An old farmer had brought twenty ducks to the market to sell and, after the usual amount of haggling inseparable from a bargain of that description, managed to dispose of the lot to a dealer.
"That's 30 shillings I have to give you," said the dealer as he proceeded to count it out.
But the old chap's strong point was not arithmetic, and he was not satisfied with this mode of payment.
"No, no!" he exclaimed. "Ye bought them at wan an' six apiece, an' ye'll jist pay for them duck by duck."
And "duck by duck" it had to be—London Scraps.
