

About The City

Henson Seen in Caricature.

Engineer Henry Henson of this city, who is now attending the Brotherhood of Locomotive Engineers' convention at Detroit, appears in the Detroit Free Press in caricature. He is pictured in a humorous vein and though the picture is not as true as the photographic picture might be, still local engineers and friends of the engineer say the artist caught the big feet of the delegate and thereby did all that was necessary to convey the likeness.

Administration Letters Issued.

Letters of administration were issued today to the estate of J. R. Graves, deceased. W. D. Graves was named administrator. The estate is located in Elgin.

Park Seats Arrive.

Two dozen park seats have arrived on orders of the Park Association and will be placed in the Riverside park

at once for use by the public. A caretaker has also been employed to look after the keeping of what is soon going to be the finest park in the state outside of Portland.

Social Tonight.

The Ladies of the Catholic church will give a social tonight at the home of Mrs. DeLille Green on Penn. avenue between 5th and 6th.

Suit Filed Today.

A suit has been filed in the circuit court today by John A. Fraser against Galloway and Todd, involving trouble over a promissory note. All the parties are from Elgin.

Marriage License Issued.

The county clerk's office today issued a marriage license to Earl A. Pack and Bernice Lewis. Miss Lewis is the daughter of W. E. Lewis of Wallowa county and a niece of Press Lewis of this city.

Establish a Branch Office.

D. C. Bricheux will leave in a few days for Burns. Before returning Mr. Bricheux will probably establish a branch abstract office at Vale, where the new land office is to be located. He has purchased a set of abstract books of that district from Platt & Randall and will be in shape to care for any homeseeker whether land is chosen either in the La Grande, Burns or Vale districts.

Happy Reception for New Members.

At the M. E. church last evening a reception was held in honor of all new members that have been added to the church roster of late and a good time was enjoyed. Many members and outside people were present to hear the program which was well rendered and during the evening Mr. McLeod, the pastor, talked earnestly to the new recruits who have decided to live in the church.

Making Racing Track Today.

Workmen under direction of Street Superintendent Matott and the management of the high school track team are today preparing a first class course in which the races will be run next Saturday afternoon. Contrary to general opinion, the track will be

in first class shape and fast time will be possible.

Using New Siding.

Passing of trains has been greatly facilitated by the completion of the new siding at the depot. The first train in the yards runs on the new siding to unload its passengers, and the passing train stays on the main line avoiding the confusion so common when trains pass here.

Able to Leave Hospital.

J. K. Wright was today released from the hospital where he has been confined several days with blood poison in his chin. He is still bandaged and bandaged up but has recovered sufficiently to be permitted to mingle with the people again. His suffering was the outcome of poisoning from a pocket knife used in picking at a sore on his chin.

Gypsy is Released.

The Gypsy arrested yesterday on charges of insanity following frequent attempts to end his life, was released late last night after examination by Dr. M. K. Hall.

NEWEST BAND MUSIC

NEW HORN ALSO PURCHASED AND WILL SOON ARRIVE.

Popular Orchestras Will Obsolete at Tomorrow Evening's Dance.

The newest music on the market has been ordered by the La Grande band and as soon as it arrives, will be mastered by the reorganized association of musicians under the direction of Prof. Selak. A first-class new baritone horn has also been shipped for use by the organization.

Deligent practice is being adhered to and the efficiency of last year will be out done this season, judging from the amount of work being put on the practice features. Much of the practice of late has been in preparation for the dance tomorrow when the band gives another of its popular parties at the Elks hall. The same orchestra which officiated so satisfactorily at the last dance, will again be on the rostrum, a feature that should draw a large crowd for it is doubtful if better music has been heard at any dance in the past year, than that which was dispensed at the last band dance.

box in due time is amusing to say the least.

So that the reader will understand this whole transaction the Observer prints herewith a letter from Mr. Ficklin and also the letter that came to him from his address on the apple box.

Mr. Ficklin says: Dear Editor:—As a compliment and boost for Oregon I enclose you a letter dated May 4, 1910, from Texas, in answer to my address which I enclosed in a box of Rome Beauty apples packed from my farm Oct. 31, 1909.

From this you can note in what condition Oregon apples reached Texas after most seven months, also that they were retailing two for 5c. Hurrah for Oregon! Boost Oregon, the best state in the union.

I trust you will not overlook Summerville as well as the state for Summerville is the best ever. The letter set him from Texas follows:

Garrett, Texas, May 4.—Mr. S. D. Ficklin, Summerville, Oregon. Dear sir:—We have just opened your box of apples and found them in very good condition. We will retail them at two for 5 cents. Was very much surprised to know they had been packed so long. How about your section for the coming crop? We wish you good luck and hope to get another box of fruit from your farm. Yours truly,
