MUCH DONE AT THE MEETING

(Continued from page 2)

a minority by refusing to sign the recommendation and filed a report saying he refused to sign a contract hiring Hiltz or any other man for \$2.50 per day when the duties of the street superintendent prescribe a part of his work as being collector of road tax. It was pointed out by the majority signers, lead by A. V. Andrews, that the superintendent has already more work than he can do and that the \$600 or more in road tax may as well be collected. A modified report was finally framed up in which the collector shall be under the supervision of the street superintendent and when the time came to vote on reports, the minority report was killed. Logsdon, Orvis and Shiek voting yes and Andrews, Kreiger, Monroe and Fleming voting no. On the vote on the majority report, the men were just reversed.

A petition was read asking for a water main on I avenue. Referred to water committee.

A petition was read asking for a main of four inches on Spring Avenue from Second to Fourth streets, forming a complete circuit for the residents of that section. Referred to water committee.

Many Beer Licenses Presented.
Ten near beer license applications were presented, read and referred to the judiciary committee, each one being accompanied by a receipt for \$2.50 and proper bondsmen. B. F. Wade, Ulrich Lottes, Julius Fisher, James Farquharson, Charles McClure, J. J. Adams, J. B. Elsher, Chris. Wright, Grant Lincoln, Ernest Thorson and Lucien Remillard.

Several new ordinances were introduced. Among them are the following: One to kill noxious weeds, one making a contract for street sprinkling, a curfew ordinance fixing the hour at 8 o'clock in the winter time and 9 o'clock in the summer time, March being the dividing line, one permitting recorder and mayor to enter into contract with Warren Construction company for paving Depot street. This one was read second time by title, third time entire and placed on its final passage, and passed.

Another ordinance was one closing the contract between the council and the Warren Construction company for paving the East portion of Adams Avenue. This measure went the three degrees last evening and was placed on final passage too.

At this point Mayor Meyers retired leaving the chair to President of the Council Monroe.

An ordinance regulating the building of fences in the city limits was read first time entire and second time by title. It makes it a misdemeanor to build a wire fence in the city limits, and all fences must be built under permission from the city engineer who shall supply the accurate corners.

An improvement commission consisting of Moore, Orvis, and Andrews, was appointed to value and inspect proposed grading and plank sidewalk improvements on C street from Fourth to Cedar street.

Final action on bids of the Beaver creek pipe line telephone was referred to the special telephone committee. Two bids were presented and opened last evening for this contract. The highest was that of J. S. Loyd who offered to do the work for \$2,520. Another bid was from C. T. Darley who presented a detailed estimate, totalling \$2,520. This line is to be 18 miles in length and will be on the single circuit sort.

The manner in which water pres-

ures vary was discussed at some length but Chairman Shiek of the water committee, assured the council that as soon as the 18 inch main on Second street is put in, there will be no trouble. In the meantime, those using meters should not defer irrigation of lawns until 5 o'clock if possible, as that is the hour of set rate irrigation and as so many are draining from the small main from the tank, the pressure is lower. The O. R. & N. is also said to be misusing its privileges some, and special attention was asked for in this matter. It will only be necessary to use caution in irrigation until the new main is placed. Last evening the pressure was very low, but the reservoir was running over as usual.

All dogs found on the street without tags, were ordered impounded by Poundmaster Grider. If owners have tags at home, they will have to pay for the unpounding of the animals if they wish to avoid execution. Dogs without tags must go and the poundmaster will not be able to ascertain how many of the untagged dogs are exempt unless they have the tags on them.
