# TRUTH No. 12.

### No investment appeals like California crude oil.

If you had the opportunity to safely invest a few spare hundred dollars where such investment would be considered absolutely beyond question, in a pleasant and profitable business, you would be willing to listen to the argument advanced for such investment, would you not?

There is nothing the earth has yet produced that has been so profitable to those who accepted the opportunity as oil—just oil taken from the earth. Of course it is well known that enormous fortunes have been made in crude oil.

Money lying uninvested is slothful. Money well invested is industrious, adds to its power and brings to the possessor gratifying results.

The seeker for a place to make such an investment must be impressed with the statements of truth which have been appearing in these columns. You are not invited to interest yourself in a proposition drawn upon paper, with estimated profits and proposed outlines at all.

The opportunity is now at your door to join in the accumulation of wealth which is being made from the wonderful California oil fields—the richest state in this mineral in the Union.

The stock of the California-National Crude Oil Company is a safe investment for large and small investors. Buy stock now because this is the last week you can buy at 40 cents.
