WHAT IT MEANS TO VISIT ANOTHER TOWN.

Quite likely La Grande will furnish the largest crowd of visitors to Union Friday that has ever left this city for one special purpose. People are going because they want to see the display of fine stock raised in this valley and because they want to leave their home city for a day.

a man can afford to take up government land and improve it, but when there is government land to be had it always attracts settlers.

Grant's Pass is awakening to the benefits of irrigation. It is a situation a great deal like the Grande Ronde valley. Good crops can be raised without water, but much better crops can be raised with water.

So far as known La Grande will be represented at Portland several hundred strong during the Rose carnival, which is not a bad showing.

QUESTIONS FOR DISCUSSION.

The W. C. T. U. Will Discuss the Following Questions at the Mothers' Day Meeting Thursday at the Home of Mrs. Fred Geible.

- Question slip No. 7—Questions relating to the mother's part in home making
1. What is the home established for?
2. How far is the mother's ignorance of hygiene sanitation and nutrition the cause of disease in children and adults?
3. To what extent is the child's work in school affected by the attention which the mother devotes to the child's food?
4. Why should every mother make a study of food values and pure foods?
5. In how far is the home affected by the cleanly or uncleanly condition of stores and markets?
6. Why is the proper education of girls so important?
7. Does a girl need as much manual training as a boy? If so why, and what should be the nature of it?
8. Why should girls be taught the fundamentals of health and hygiene, especially for young children?
9. How is the well-being of future families affected by neglect on the part of the mother to prepare her daughters for responsibilities as wives and mothers?
10. Is a mother who is absorbed in her children and her home an ideal home maker?
11. How can our girls be trained to think of motherhood and home making as a really serious and religious matter?
12. What is the difference between housekeeping and home making?
13. What is one of the chief virtues of a good home maker?
14. Is home making a profession?
15. Why should both husband and wife have high ideals of what each owe the others?
16. In the making of a home, what is the relation of the home to the community; or what does the home owe to the community?
17. What is meant by the family fidelity and unity of interests?

Explosives in Pocket.

Ellensburg, June 1.—E. P. Baldwin, an engineer on the high line irrigation ditch at Kittitas, rode 150 miles over rough country yesterday but arrived here today to find his 10-year old son, Alfred, already dead. The boy had filled his pockets with dynamite and while lighting a fuse, ignited the explosives.

WATCH OUT FOR FIRES

STATE BOARD ASKS ALL CAMPERS TO USE CARE.

Oregon's Greatest Resource in Danger from People's Carelessness.

The following bulletin has been issued by the Oregon Conservation association and is of vital importance to every section of the state that has timber. Let everyone read it and give it thorough consideration:

Would you set fire to any man's house in your town?
If you saw his house afire would you pass by without doing anything?
Do you realize that timber is quite as valuable to the owner, and much more so to the community, and to you? He can build a new house, but not a new forest. As for your interest, think over the following facts:
Oregon has 350,000,000,000 feet of standing timber, even now worth \$475,000,000 as a resource.

If manufactured and sold, even at present prices, it will bring \$5,000,000,000,000 into the state for labor and supplies.

Oregon now sells \$20,000,000 worth of lumber a year. Of this \$14,000,000 is received by employes who put it in local circulation. In other words, you, whatever your business, share in it.

About a billion feet is destroyed by fire in Oregon annually, which if manufactured would bring in \$13,000,000.

On every thousand feet burned, the stumpage owner may lose \$2.00 but the community loses \$8.00 in wages. Timber means pay checks, to support all industries. But burned timber pays no wages.

Timber pays taxes in your county. If it burns, your property has to pay the difference.

Help to keep down forest fires and you'll make money. So will your children.

Don't toss away burning matches or tobacco.

Don't make a camp fire in leaves, rotten wood, or against logs, where you cannot be sure it is out.

Never leave a fire until it is out. Don't burn your slashing in the dry season without a permit.

Put out any fire you find if you can. If you can't, notify a fire warden, some other public officer, or land owner.

Remember it's the little fire you can put out which may later become a big one.

If you don't know the fire laws, send for a copy. Help enforce them. OREGON STATE FORESTRY BOARD, Salem, Oregon.

SUMMONS

In the Circuit Court of the State of Oregon for Union County.

May Terril, Plaintiff, vs. Fred Terril, Defendant.

To Fred Terril, the above named defendant:

In the name of the State of Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled suit on or before the last day of the time prescribed in the order for publication of this summons, to wit, Friday, July 1st, A. D. 1910, and if you fail to so appear and answer the plaintiff will apply to the above entitled Court for the relief prayed for in the complaint herein, to wit: for a decree of absolute divorce from the defendant above named, and that the marriage contract heretofore and now existing between plaintiff and defendant be annulled and declared to be as of no further force and effect and for such other relief as to the court may seem just and equitable in the premises. This summons is published once a week for six consecutive weeks from and after the first publication thereof on May 20th, 1910 in the LaGrande Weekly Observer, a weekly newspaper published at La Grande, Union County Oregon, by order of Hon. J. W. Knowles, Judge of said court, of date May 13, 1910, made at Chambers at Enterprise, Oregon.

J. B. MESSICK, Attorney for Plaintiff.
