A Letter From the Manager TO THE PUBLIC

It is with pleasure I am able to announce to the People of Union and Wallowa Counties that we have the greatest advantage possible, over Fifty large stores purchasing millions of dollars worth of merchandise in Oregon, Washington, Idaho, and Montana, affording a purchasing power that no other concern can possibly have, thus getting the choicest merchandise manufactured in this country, and at prices that are far below the average, Our counters and shelves are groaning under the great loads of new merchandise. It is with these advantages I ask your patronage.

Yours Resp.
Fred Geibel

Strawberries Go Down.
Home grown strawberries—better than Hood River's in color and flavor—are selling this morning in great quantities at two boxes for a quarter. Consequently canning will soon be under way. Grande Ronde has seldom produced better strawberries than this year and the quantities are record-breaking.
The markets did a rushing business this morning in all lines, for the unfortunate few who remained in the city yesterday were all but starving for not a place could the good house wife purchase supplies.

Taft to Confer With Railroads.
Washington, June 4.—It is reported from Detroit today that President Taft has consented to confer personally with the presidents of several western railroads, affected by the recent injunction. They want to give their side of the controversy to the executive.

A number of identical provisions in the administration railroad regulation bill in the house and senate in draft will be altered a little by the joint committee on conference when submitted.

Taft at Monument Unveiling.
Monroe, Mich., June 4.—President Taft, Governor Warner, of Michigan, and Senators Smith and Burrows today attended the unveiling ceremonies at the memorial to General Custer.

King George's Birthday.
London, June 3.—This is King George V's birthday, and although his majesty is receiving many telegrams and letters of congratulation, no official cognizance will be taken of the day until after period of national mourning is ended. He will take advantage of the quiet the present conditions insure to continue plans which will result in the solution of the grave and complex problems which confront the country. The new king is manifestly sincere in his declared determination to wear the mantle inherited from his father, and England is beginning to look to him as an international peace-maker. If he succeeds only in this one rule, he will do an incalculable service to humanity. From his exalted position George V. can wield an influence invisible but world-wide. In the international field he has a magnificent opportunity, and he will have behind him the good wishes of a loyal-hearted people.

Ebersole to Manage Savoy.
John Ebersole, who for several years past has been behind the register in local hotels, has accepted a position as manager of the Savoy hotel under Proprietor Brichoux. Mr. Ebersole has a wide acquaintance among the salesmen and traveling public and he will continue to greet his old friends with the smile that won't wear off.

The case was tried once and remanded back for a new trial. It involves evidence from Newfoundland to Scotland.

IT CERTAINLY LOOKS GOOD
to the children when they see the delicious bread made from the North Powder Best of the Best Patent flour. It is a meal for the little ones, with butter, jam or jelly, that is wholesome and muscle building. It looks good also to the housewife when she sees the golden brown crisp and the white bread inside when it comes from the oven. It also smells appetizing when made from Best of Best Flour.
