THE FAIR

Safer than National Banks Better than U. S. Gold Bonds UNION COUNTY LANDS.

Why invest in foreign cities and wireless stock, when you have a sure thing at home?

See C. J. BLACK,

who has a large list of money makers.

IT CERTAINLY LOOKS GOOD to the children when they see the delicious bread made from the North Powder Best of the Best Patent flour. It is a meal for the little ones, with butter, jam or jelly, that is wholesome and muscle building. It looks good also to the housewife when she sees the golden brown crisp and the white bread inside when it comes from the oven. It also smells appetizing when made from Best of Best Flour.

FOR SALE BY ALL GROCERS

BURGO SIGNS UP WITH MULLIN

THE TWO WILL GO FIFTEEN ROUNDS AT PENDLETON.

Local Machinist Has Signed Agreement With Clever Fighter.

Walter Burgo (Burke), a local machinist, who in his time has been pitted against Stanley Ketchell and others of that class, last evening signed up for a 15-round mill with Barney Mullin, the Pendleton boxer, who has won everything coming his way the past year. The scrap will take place in the Pendleton opera house, on June 15, when the Northwest Bankers' association will meet at the wheat town and the bankers will forget currency and money topics to witness the contest.

The articles were drawn up last evening and Mr. Mullin has returned to Pendleton.

Burgo, or Burke, as he is commonly known, figured in a mill in this city some time ago, and though the fight was a fiasco the fans readily learned that Burgo has a knockout punch and though not particularly clever, is a mixer and hard hitter. Mullin fights along the same tactics and as the mill is a bona fide one, some good boxing is in store for Pendleton.

Secretary Corpe Improving.

H. A. Corpe, secretary of the Merchants' association, is reported greatly improved today from his illness by Dr. Underwood.

White-Ribboners Get Busy.

Glasgow, Scotland, June 7.—Presided over by the International president, the Countess of Carlisle, the

World's Woman's Christian Temperance Union congress held its first business session today in St. Andrew's hall. Fraternal delegates were seated from fifty national and international temperance and philanthropic societies. The formal opening of the congress today follows the all-day devotional meeting yesterday and the lord provost's reception last night. Mrs. L. M. T. Stevens, president of the National Woman's Christian Tem-

perance union of the United States, will preside at the meeting this evening, when addresses will be made by delegates from the United States, Canada, Australia, India, New Zealand and South Africa.

The congress will close on next Sat-

urday, and will be followed by excursions through the land of bagpipes, Presbyterianism, Bobby Burns and Scotch whiskey. Many of the delegates of the temperance convention will take part in the missionary meeting in Edinburgh next week.

YOU'LL BE STRUCK WITH AMAZEMENT

If you could see how some factory made clothing is put together. The skimping of materials, the inferior interlinings. But none of these things occur in a suit of our tailoring. That's why one suit of ours will outlast two of the factory made. Order one and the wear will prove it.

C. W. BAKER.

ELECTRICITY

FOR EVERY HOME

IN LA GRANDE

The cost for wiring, lamps and current is exceedingly small compared with the convenience, comfort and safety obtained by its use.

Your home can be wired complete at an average cost of only \$2.00 per room. Lamps, fixtures, flutrons, cooking utensils and numerous other electrical appliances may be obtained at surprisingly low cost.

Ask your neighbor why he uses electric light; he certainly has some reason for doing so, and then call at our office or our representative call at your house and explain to you why you should have your home wired and use electricity.
