

There is an Individuality in a Tailor made Suit Tailored by Us.

Six Tailors to add the Personal Touches supplied by the handi-craft experts in our shop, who help to build the City. Why send money away when we make suits for \$35

AL. ANDREWS, The Toggery

SOCIETY

One of the many pretty home weddings that have occurred in this city this spring, was solemnized at the T. J. Ormond home, 1615 Sixth street, last evening at six o'clock when Miss Winnie Ormond, daughter of Mr. and Mrs. T. J. Ormond, was united in marriage to Harris S. French. The wedding was witnessed by relatives and a few intimate friends only. Reverend Upton H. Gibbs, officiated, using the ring ceremony of the Episcopal church, always impressive. Miss Grace Murphey and Charles C. Conkey, both of this city, accompanied the bridal party as bridesmaid and best man respectively. The bride was handsomely gowned in white messaline, princess-tunic style, trimmed with lace. Miss Murphey wore blue silk mull trimmed with white silk. She carried pink roses and the bride carried bride's roses. In addition the bride wore a diamond horseshoe of considerable intrinsic value. Mrs. S. D. Mc Lain of Nampa officiated at the piano during the pre-nuptial ceremonies.

Following the pretty wedding services a bounteous seven-course dinner was served to the guests. The dinner was particularly pleasant on account

of the large gathering of relatives seated. The diners included besides the bridal party, Mr. and Mrs. F. C. Weintz of Chicago, Mr. and Mrs. S. D. McLain of Nampa, H. Ormond of Nampa, John Ormond senior, John Ormond junior and Mr. and Mrs. Robert French of Cove. Tasty decorations added to the pleasing features of the occasion. Roses, carnations and ferns made the dining room a place of beauty, and the parlor where the services were said, was likewise made attractive by liberal quantities of roses and carnations. Cut glass and silver presents in great numbers and much value testify to the popularity enjoyed by the bride and groom alike. Miss Ormond is a talented musician, accomplished and popular. She has made La Grande her home during practically her life time, and is of the city's popular and talented ladies. The groom too, is a popular La Grande boy, having been away only to attend school at H. M. A., and during a brief business stay near Hood River. He is now employed with the People's store, and after a short wedding tour of the state, will return to his duties and to occupy a new cottage on East Adams avenue where Mr. and Mrs. French will be at home July first.

A pretty church wedding occurred last evening at the Episcopal church when Miss Eva Nell, daughter of

Mrs. Nellie Nell of this city, was married to John Roy Martin, Rev. Upton H. Gibbs officiating. Mr. and Mrs. Martin will be at home in Idaho.

REGARDING THE EYE.

Something That You Do Not Know and You Should Know.

The following article written by Dr. M. P. Mendelshon, doctor of optics, is the first of a series that will appear. These articles are written for the benefit of the public and contain information of importance: People's eyes are pretty much alike.

A SNAP AT \$2300
If taken before **JULY 1.**

so far as the inherent beauty is concerned.

The eye of the ravishingly beautiful young woman are made up of the same material, put together in the same way, as ours.

"No, what we commonly speak of as the expression of a person's eyes, doesn't come from the eyes at all.

It is produced by that part of the face surrounding the eye which itself always retains the same expression.

When we think that we see a twinkle in a person's eye we see merely an effect produced by an action of the eye.

The eye itself doesn't twinkle. Mechanically the eye is the most delicate complicated organism in existence.

If man could fashion anything nearly so perfect, anything that would work so automatically as the eye, it would be a splendid triumph.

For the organ is absolutely automatic.

When the brain wishes to see anything the many muscles of the eye carry out the wish at once.

It is commonly believed that there is something that reaches out from the eye, something mysterious that gives our vision.

This is not so, the eye in fact, is nothing more or less than a marvelous, skillfully designed camera, with the eye lids for the shutter.

The complicated part, commonly known as the eye ball. But is so much more wonderful than the man that made the camera, that there is no comparison, for this camera made by the Creator has attached to it a telegraphic system, that transmits the images from the ground to the brain.

RED CROSS OPEN AGAIN.

Representative for Owner is Here to Handle Affairs of Drug Store.

The Red Cross drug store was opened for business again this morning after having been closed several days, following the departure of A. C. Mac Lennon for Canada last Friday evening. The establishment is now under the management of a representative for the owner, Mrs. M. E. Mac Intosh of Wyoming.

ARTIST IN DEMAND.

Employed Three Years Ago, Comes to La Grande Yesterday.

To have pressing contracts for dates three years in advance, is the routine of business falling to Mr. Burt, the artist, who is attracting large crowds to the Golden Rule store this week. Three years ago the Golden Rule management employed the artist, but his dates have been so numerous that not until yesterday could he commence his engagement, lasting ten days. He now has engagements for three years in the future.

L. D. S. HOLD 10 ANNIVERSARY

EVENT CELEBRATED WITH FITTING SERVICES LAST NIGHT.

Church Has Grown Rapidly in Numbers and Wealth Since Formation.

Ten years ago yesterday the L. D. S. church was established in La Grande and the event was properly celebrated last evening when a large delegation of church members listened to an interesting program and enjoyed a sumptuous feast of refreshments in commemoration of the event, and incidentally celebrated the fiftieth birthday anniversary of the first president of the local stake, F. S. Bramwell. The event brought men and ladies here from Salt Lake, Baker City, Mt. Glenn, Imbler, Enterprise and Elgin and was made an important event in the history of the church. Speeches, fitting for the occasion were many and eloquent. The celebration of the birthday anniversary was likewise an important event and Mr. Bramwell was presented with an elegant gold watch.

The church has prospered since its inauguration here. Beginning with a small frame structure for a church home, the stake rapidly grew from limited numbers to its present membership of 2575 members. Mr. Bramwell was the first president and C. W. Nibley, now of Salt Lake, and Al. J. Jordan of this city, were the first counsellors. Today the stake owns the finest tabernacle outside of Salt Lake, that can be found in the west. All these important events were commemorated in the services yesterday.

TRUTH No. 29.

An investment worth while.

The investor with sufficient judgment to see the great possibilities of investing in Oil Propositions in California, will be literally swept to fortune on this great flood of oil which flows through the proven fields of California.

The courage of the pioneer oil men of California has made them millionaires. They were not two or five per cent men, and if you desire to become wealthy, you must be a thousand per cent man, and you must dare to use your own judgment, and must dare to invest your money where it will bring you results of a thousand per cent or more on every dollar invested.

While it is true, there is some small advantage in having your money where it can be easily drawn if needed, how can you afford to pay for this small advantage by the difference in the per cent that you will receive?

During the year 1909, the oil fields of California produced approximately fifty-eight million barrels of oil, being an increase over the previous year, of about ten million barrels. An investment today with the CALIFORNIA-NATIONAL CRUDE OIL COMPANY, while stock is selling at 50 cents per share, will start you on the right road to prosperity. Do not wait until the opportunity has passed your door. One good investment is worth a lifetime of labor.

IT CERTAINLY LOOKS GOOD to the children when they see the delicious bread made from the North Powder Best of the Best Patent flour. It is a meal for the little ones, with butter, jam or jelly, that is wholesome and muscle building. It looks good also to the housewife when she sees the golden brown crisp and the white bread inside when it comes from the oven. It also smells appetizing when made from Best of Best Flour.
