## MASSACRE IS FEARED

BOBOS OF JEWS FROM RUSSIA WILL END TOMORROW WHEN DECREE EXPIRES.

## JEWS DEFY OFFICERS

Thought That Massacre Will Follow Tomorrow When The Final Day For Jews to Leave Russian Borders—Special Permission Will Be Favored Few Live in Villages Outside of Kiev—Others Must Go.

Petersburg, June 13.—Reports received here from Kiev and other centers of anti-Jewish agitation have given rise to grave fears that a mass-kill result if any Hebrews or Jews have failed to do so before the time limit of the decree of expulsion expires tomorrow. A month ago the Jews residing illegally in Russia were given until June 14 to leave, and it is supposed that a massacre will have heeded the warning, but it is alleged that not a few remain.

The order of expulsion was issued as a result of an agitation which began in the Duma, and originally provided that the expulsion should take effect on April 28 last. Subsequently the order was suspended by Premier Stolypin to permit a further examination of Jewish claims of residence, and then applied to other cities and towns where Jews are residing within the pale, and local commissions were appointed to revise the list of those affected by the order, with the expectation that a large proportion would be allowed to remain undisturbed.

The Kiev commission considered about 1,000 cases, of which 850 were found to be subject to expulsion. The governor-general reviewed the decisions of the commission and concurred in the expulsion of 700 of those remaining in Kiev.

The Jews remaining in Kiev will be ordered to occupy summer villas outside the city only through special permission granted in individual cases. The order of expulsion applies not only to Kiev, but to the entire section of the empire constituting Great Russia, which comprises all of the central provinces. From time immemorial the Jews have been rigorously excluded from this territory. Nevertheless, through relaxation of government surveillance, through bribery of officials and through abuse of certain individual privileges granted to certain classes, industrial centers in the forbidden territory, particularly Moscow, Kiev, Nijni-Novogorod, St. Petersburg, and Tiflis have large colonies of Jews grow and prosper within their borders.

The government recently took alarm at the growth in commercial and political influence of these scattered settlements and decided upon the strict enforcement of the original segregation law, which restricts the territory available to Jews to the Polish provinces and the Ukraine or Little Russia.

The number of Jews within this territory is estimated at 5,000,000. The number without the pale is said to be more than 100,000.

Of these, at least 25,000 will be compelled to abandon the residence they have maintained in the prohibited territory. The others will be permitted to remain through certain dispensations.

## LABOR CONVENTIONS.

Brotherhoods Have Their Meeting Today in Large Territory.

Louis, June 13.—Delegations from the coast to coast and from Canada to Mexico gathered in council today for the meeting of the International Brotherhood of Roffermakers, Iron Builders and Helpers. Some of

First Come Will Be Given First Choice as to Location.

Plats of the camping sites near the chautauqua grounds, have been completed and suitable camping places are now available. To the man who applies to W. R. Jones first, will be given the best camp site on the grounds. The executive committee has set the price at \$1.00 for the season with free wood and water supplied. The sites are excellent and some are splendid. Those who come first will get first choice.

It is planned to have a regular city of tents there during the ten days of the chautauqua, and the committee very wisely had the available grounds platted so that sites could be located long before the day of setting up the tents.

Bridwell and Ott Young jointly indicted on two counts, at nine o'clock this morning, constituted the extent of further action regarding the thirty-nine indictments against residents of Union county on charges of alleged bootlegging—or selling intoxicating liquors in this dry county. The others were arraigned Saturday afternoon, and at that time were told to plead at nine o'clock this morning. However, the first arraignments and the two today all ended in more time in which to plead being given them. Wednesday, probably at nine o'clock, will see the entire list of indicted plead. The postponement of pleadings came when this morning attorneys for the defendants asked for more time and the court has granted the request.

## TWO VICTIMS IS FULL LIST

WRECKED AUTOMOBILE IS LIFTED FROM SLOUGH SUNDAY.

Not Believed Today That More Than Two Went Over Bridge.

Portland, June 13.—It is now considered certain that Chauffeur Day and Mabel Monte, the divorced wife of a Portland fireman, were the only persons in the auto which plunged into the Oregon slough near Vancouver Ferry slip Friday night. The machine was removed Sunday and it contained no one.

It is believed the bodies of the victims will be found in the Columbia river later. Friends of the victims feared that the machine was carrying more than the two when she went over, but such is disproven, apparently, by the fact that none were in the automobile.

## GUTHRIE BEATEN IN HOT FIGHT

GOVERNOR HASKELL DEFIES THE SHERIFF FROM ENJOINING HIM TO MOVE AWAY.

## PAPERS HOISTED TO WINDS

Sheriff Told by Governor Haskell That He Would Go Likewise Unless He Left Executive's Office Immediately By The Door Method—Guthrie No Longer the Capital of Oklahoma—Oklahoma City Wins.

Oklahoma City, June 13.—Governor Haskell today ordered Sheriff Mahony from the office when Mahony tried to serve injunction papers brought in the state courts to prevent the removal of the capital from Guthrie to this city. Haskell threw the papers out of the window and then told the sheriff to get before he was treated likewise. He acted on the advice of the Attorney General who said the supreme court of the state could not mandamus the governor. The sheriff left. There is much excitement owing to the result of the election which changed the location of the capital. The state officials believe they can not transact business until the election has been thoroughly canvassed which will probably be Thursday.

## HERALD BUILDING DESTROYED.

Art, Composing and Editorial Rooms Wrecked.

Montreal, June 13.—Fourteen persons were killed and fifteen injured in an explosion and fire which destroyed the Herald building here today. It is feared that the loss of life may total thirty. Sixty girls were working on the upper floor. The accident was caused by the collapse of timbers on the roof supporting the water tank which dropped through three floors. Briefly, the managing editor, says that the loss is half a million. The tank carried several persons to death as it tore through the building accompanied by heavy machinery. Sixty-eight employees were working on the top floor at the time. The art, composing and editorial rooms and the bindery were wrecked.

## LA GRANDE TAKES ANOTHER ONE

WINS FROM JOSEPH IN EASY GAME AT JOSEPH.

Game Not Particularly Teeming With Brillancy at Any Point.

## Inter-county League.

Club	W.	L.	P.C.
Cove	5	2	.714
Huntington	4	3	.571
Union	3	4	.428
Baker	2	5	.286

On a diamond that was more on the order of a rock quarry than a baseball field, La Grande took an easy game from Joseph yesterday at Joseph, making the second successive game which the locals have taken. The contest was witnessed by about twenty-five from La Grande who with the team, joined the excursion to Joseph yesterday morning. The game was not particularly ex-

iting, as fast ball was impossible on the rough field. The umpire of the first few innings was unsatisfactory to both sides and was relieved later by a Joseph man who was entirely satisfactory. Otherwise the game went along smoothly and without a hitch of any sort. There was no particularly brilliant work by any of the players, and La Grande took the lead early, staying in safe distance to the good always. McInnis struck out ten, and allowed three scattering hits. Errors were frequent on both sides.

La Grande lined up with these men: Stacy rf, Stoddard first base, Wallace Childers 3b, Bradley 2b, Hollister cf, Shaugh 1f, McInnis p, Piddock c. Battery for Joseph: Halgrath and Gailbraith. The final score at Joseph was Ten to Four.

Elgin defeated Enterprise thereby staying at the per cent end of the per cent column. About two hundred fans from Elgin saw the contest at Enterprise.

At Baker City the miners showed their real strength. Baker City is said to have nine salaried men and are out after all the remaining games in the league. The miners snowed the Gateway city under in a 16 to 8 score.

## BIG BRIEFS FILED.

Both Attorneys in Ballinger-Pinchot Case Resort to Spleen.

Washington, June 13.—Three thousand pages bristling with vitriolic briefs, were submitted today by attorneys who have appeared heretofore in the Ballinger-Pinchot investigation affair.

"The record discloses Ballinger is hostile to the people and shows his co-operation with special interests, with violations of the law and I trust the committee will find public domains in unsafe hands," says the brief for Glavis and Pinchot.

"The prosecution is cruel and baseless. It is no idle thing to assail the character of a cabinet member. There are absolutely no grounds for the attack," is the way the brief of Ballinger is worded by Vertrees. The three briefs total nearly a thousand pages. All are largely along the lines laid down by argument to the committee previously.

Brandeis, Pinchot's attorney, asks that Glavis be rewarded for his labors and Vertrees refers to him as a traitor, and Brandeis, referring to Glavis' charges, declared: "The records prove the fact as stated."

## Steal Bales of Cotton.

Memphis, Tenn., June 13.—Wholesale arrests were made today in connection with the theft of 40,000 bales of cotton from the freight house. The arrests followed the indictments of Hugh Knott of the city engineering department who was accused of conspiracy to steal 1909-10 cotton. The railroad officials say that the total loss is \$200,000.

## HAMILTON FLIES WITH EASE

GOES MORE THAN A MILE EVERY MINUTE EN ROUTE TO PHILADELPHIA.

## SHOWS A PERFECT CONTROL

Flight Was Signally Successful in Every Respect—Said to Be The Prettiest Flight Ever Made—Dodges In and Out and Finally Circles Philadelphia Before Alighting With Masterly Control.

New York, June 13.—After successfully breaking the American record for the longest sustained flight by a trip to Philadelphia, Hamilton started to return. At South Ambrey, N. J., the engine broke and as he descended the propeller broke, so he was compelled to give up the return trip this afternoon. He will probably not reach New York before tomorrow night or Wednesday. He will send to this city for another propeller.

Philadelphia, June 13.—Charles Hamilton, the aviator, landed in North Philadelphia, Front and Erie streets early today completing the first half of his trip from New York to Philadelphia and return. He covered a distance of 86 miles in one hour and forty minutes. He left New York at 7:38, and the start was witnessed by a thousand people. Fully twenty thousand greeted him when he alighted here.

While Hamilton was preparing for his Philadelphia flight, he started the propeller and it struck a tree, smashing it. Hamilton alighted, swore some and then borrowed one from Curtiss. Curtiss and his assistants soon had things in working order and on the second attempt the aviator plunged into the air at a high rate of speed.

He passed Upper Bay at the height of 600 feet and headed for New Jersey Meadows. River boats whistled as he passed overhead, and dipped their flags as the aviator shot the Hudson. At Elizabeth he turned inland and was followed by a pathfinder automobile. The auto tore along at a mile a minute clip with Hamilton five hundred feet above it.

He circled Philadelphia three times before alighting, thousands greeting him wildly. His first remarks were to ask for a cigarette. It is said the flight was the most beautiful ever witnessed. The weather was perfect.

## WILL NOT ENTER CAMPAIGN.

According to Reports Colonel Roosevelt Will Take a Rest.

New York, June 13.—Several men who recently returned from abroad are authority for the statement today that Colonel Roosevelt will not take part in the coming congressional campaign. His program, it is asserted, includes a rest at Oyster Bay and then, maybe he might help Governor Hughes in his effort to secure an adequate election law for New York. It is declared that Roosevelt will not enter the international race to succeed Dewey.

## LIGHTNING KILLS SIX.

Berlin, June 13.—Six are dead, 17 severely injured and 80 slightly injured today as a result of being struck by lightning. The people were returning from a picnic and sought refuge in an iron fenced building. At Breslau seven were killed by the lightning.

J. H. Rinehart, one of the pioneers of this valley who recently moved to Portland, is here today visiting old friends and transacting business matters.
