Pure government inspected lard 18 cents per pound.

Phone your order. Both Phones.

## COUNCIL HOLDS BUSY SESSION

BRIEF, BUT CONSIDERABLE WORK TRANSACTED.

Meeting Adjourned to Meet Again Next Friday Evening at Eight.

In a brief half hour session last evening, the council went through a large amount of business, for so short a time, and paved the way for a very important meeting next Friday evening. All were present excepting Councilman Kreiger.

The first matter taken up was that of instructing a committee of the council to purchase sewer pipes and make arrangements for speedy shipment of it to be used in constructing the sewer across the streets where paving is to be put down.

**No Remonstrators Present.**  
Considerable improvement to C street in South La Grande had reached the state where property holders were given a change to remonstrate, but none were there, indicating the general feeling of agreement with the improvement fever. Sixth street was not acted on last evening.

**Break in Water Pipe.**  
Intake caretaker Ed. Propeck came down from Beaver Creek yesterday and reported a leak in the main pipe at a point near the Bartmess ranch. Air valves had evidently blown out and though no great quantity of water was spilling, still the matter needed immediate attention and Water Superintendent Gilman today sent men to have it repaired.

Ben Morgan, who styled himself "Not a temperance crank but a friend of law and order" appeared before the council stating that he had provided for analysis of various kinds of drinks sold in La Grande as near-beer, and accused them of being more than regulation percent alcohol. He volunteered his evidence at any time that the council might desire it. Analysis were made by an O. A. C. chemist.

**Fair Streets Closed.**  
It appears that a petition presented to the council last evening, by Chairman W. B. Sargent and Committeeman J. E. Reynolds et al, representing the building committee of the Fair association, will be granted next Friday evening. The exact wording of the petition in one instance infringed on the rights and powers of the council and when that is changed, it is evident the council will fall in line with the petition. The prayers are merely to have Spring street from Fourth to Sixth, Fifth street from N. to Spring, Penn. from Fourth to Sixth closed from traffic during the week of the fair, and the vacant block bounded by Penn., Fifth and Fourth set aside for the use of the fair. Where the council wished for a more explicit

prayer was in the matter of giving the fair permission power to handle and control all concessions and street licenses during fair week. This will be modified to stipulate amusements and similar concessions which might hug close to the fair buildings. Adjournment was taken until Friday evening.

### AUSTIN IN RUINS.

Interior Town is Badly Damaged by Conflagration.

The town of Austin is practically no more. A disastrous night fire worked havoc and only Jack Edward's saloon and the city calaboose are left of the once bustling town.

The fire originated from the lighting plant in Courtway's saloon and owing to the poor facilities for fighting the flames the blaze made rapid headway and could not be stopped but finally burned itself out after destroying four buildings. The post-office, which was run by Mrs. Irvine, was burned completely down, as was the boarding house, which was conducted by Mrs. Hobbs. An old store which was owned by Mr. Miller was also taken by the flames. The latter building was unoccupied. These four buildings were grouped together and it was impossible to save any of them.

The railway station of the Sumpster Valley was not damaged, nor was the mill of the Oregon Lumber company, which is some distance from the town.—Baker City Herald.

One day last week nearly \$50,000 worth of land was sold near Hermiston to people from North Dakota.

## Make Ironing Easy

while the sun shines.

Two hundred and fifty homes in LaGrande are now using electric flat irons. There is a reason for this. You cannot afford to be without an electric iron. Let us place one in your home on trial.

### PENDELTON WANTS COLLEGE.

Plan Advanced to Finance Institution Already There and Build It Up.

One hundred thousand dollars for Pendleton's Junior college! exclaims the Pendleton East Oregonian.

This is the slogan of the campaign inaugurated in this city this afternoon for the old Pendleton academy which hereafter is to be a junior college.

Rev. Edward M. Sharp, D. D., pastor of the Mt. Tabor church in Portland, and Rev. David A. Thompson, pastor of the Spokane avenue, formerly the Sellwood church, arrived last evening from Portland and will have active charge of the campaign. They will be assisted by members of the board of trustees, the commercial association and local business men generally.

These men and President Bleakney of the Junior College met last evening with J. V. Tallman and G. M. Rice of the board of trustees and W. L. Thompson, Ben Hill, Charles Bond, Clarence Bishop, Will Ingram, Harry Gray, Judge Stephen A. Lowell, Leon Cohen, Mayor E. J. Murphy and Councilman W. E. Brock, representing the Commercial association. A second conference is to be held with these men this evening.

The plans which have been adopted as a result of last night's conference and much study and thought provide for raising a \$100,000 endowment fund for the local school. This will put the institution on a firm basis and will put an end to the perpetual begging expeditions from year to year which have been necessary in order to provide maintenance expenses. The full amount is to be raised in installments and no pledge is to be binding until the first \$25,000 is subscribed.

The pledge which each donator makes is so worded that he does not pay the amount pledged until his death or at any time in the future as he may designate if that is his desire. The only present payments he is expected to make is interest at the rate of six per cent, payments to be made in annual, semi-annual or quarterly installments, just as the giver specifies. In this way the institution is saved the trouble of seeking an investment for the money and the man giving it has the use of it so long as he lives.

### CELEBRATE LYNCHING.

School Closes And People Parade The Streets.

Hot Springs, Ark., June 15.—Star City, a village near here is having the biggest celebration in its history on account of the lynching of William Hunter, a negro, which occurred last night. Everybody is out for a time, parading the streets. The school is closed. Hunter was lynched because he was accused of entering the home of Rose Johnson and assaulting her.

McMinnville also had a fine rose show last week; the News-Reporter says "the city club women did it."
